STATEMENT OF OBJECTS AND REASONS.

Under the Bihar and West Bengal (Transferred Territories) Act, 1956, certain territories from the State of Bihar were transferred to West Bengal. But in view of the provisions of section 43, read with section 2(*e*) of the said Act, almost all the Bihar laws including enactments, regulations, ordinances, notifications, etc., which were applicable to the transferred territories before the date of transfer continue to be in force there. A few West Bengal laws only were extended there on grounds of expediency. It has, however, given rise to some confusion and is causing administrative difficulties.

The object of the Bill is to bring the transferred territories under the same set of laws which are applicable to the rest of West Bengal as far as possible and thus to remove the difficulties. It is, therefore, proposed to repeal the Bihar laws in force there and to extend West Bengal laws. In view of the special circumstances, it is proposed to retain certain Bihar laws for some time more and to extend some West Bengal laws at a later date.

The Bill has been drafted accordingly.

(*c*) the appellate authority to whom appeals under section 8 shall lie, the fees, if any, payable on petitions of appeal and the procedure to be followed by the appellate authority.

STATEMENT OF OBJECTS AND REASONS.

The Damodar Valley Corporation Act, 1948 (XIV of 1948) provides for the levy of rates by the Corporation for bulk supply of water to the Government. It also contemplates retail supply of water to cultivators and other consumers by the Government at rates which shall be fixed by the Government after consultation with the Corporation.

It is thus open to cultivators to take or not to take the water that is available for irrigation purposes. As it is necessary to ensure the fullest utilisation of water available for irrigation purposes, the present Bill has been drawn up to make provision for compulsory levy of water rates on the owners or occupiers of lands within the limits of the Damodar Valley or within the area of the operation of the Corporation, for making available to such owners or occupiers water for irrigating their lands during the *kharif* season or the *rabi* season by the construction and maintenance of canals and distributaries, and for certain other matters ancillary thereto and connected therewith.

AWARD

This industrial dispute between Howrah Municipality and its workmen represented by different Unions and Associations in respect of the following 10 issues was first referred to the First Industrial Tribunal by the Government of West Bengal, Labour Department, order No. 4489Dis/D/14L-6/56, dated the 8th October 1956, and amended by a subsequent order No. 4998-IR/D/14L-6/56, dated the 21st November 1956. That dispute was withdrawn from the said Tribunal by Government order No. 801-I.R./IR/14L-7/57, dated the 9th March 1957, read with order No. 2853-I.R./IR/14L-7/57, dated the 2nd August 1957, and was referred to the Second Industrial Tribunal

for adjudication. It was subsequently withdrawn from that Tribunal and was transferred to this Tribunal under order No. 431-I.R./IR/14L-7/57, dated the 6th February 1958.

The dispute, as already stated, is between the Howrah Municipality (hereinafter referred to as the Municipality) and its workmen represented by (1) Howrah Paura Karmachari Panchayet, Municipal Office, Howrah, (2) Howrah Municipal Employees' Association, Municipal Office, Howrah, (3) Howrah Jal Kal Mazdoor Union, Serampore, Hooghly, (4) Howrah M.F.P. Teachers' Association, Municipal Office, Howrah, (5) Howrah Municipal Workers' Union, Municipal Office, Howrah, (6) Howrah Jal Kal Karmachari Sangha, Serampore, Hooghly, and (7) Howrah Municipal Karmachari Sangha, Municipal Office, Howrah.

The following issues are mentioned in the order of reference:—

(1) Revision of grades.

(2) Dearness allowance.

(3) House rent.

(4) Compensatory allowance.

(5) Travelling allowance.

(6) Duty allowance.

(7) If the employees should be paid full dearness allowance during leave on half or quarter pay.

(8) If the present leave rules should be revised and, if so, in what way.

(9) If the termination of employment of the following employees was justified and to what relief including reinstatement/re-employment and/or compensation are they entitled?—

(*i*) Shri Harendra Nath Ghosal—Clerk.

(*ii*) Shri Radharaman Das—Shift-in-charge.

(*iii*) Kabiraj Debi Prasanna Kabiratna.

(*iv*) Shri Sudhir Kumar Chatterjee—Clerk.

(*v*) Shri Charu Chandra Dey—Pump Driver.

(10) If the fixation of pay and designation of the following employees is justified and to what reliefs, if any, are they entitled?—

(*i*) Shrimati Urmila Banerjee—Sister.

(*ii*) Shrimati Bina Dasi—Maid-servant.

The parties filed their written statements before the First Industrial Tribunal, which they subsequently adopted for the purpose of this case before this Tribunal. No new issue was suggested by any of the parties before this Tribunal. The issues, framed for the decision of this case, are the same as mentioned in the order of reference.

Both parties have adduced evidence, oral and documentary, and advanced arguments in the case.

The issue Nos. 1 to 6, which relate to revision of grades, dearness allowance, house rent, compensatory allowance, travelling allowance and duty allowance, had a direct bearing on the financial position of the Municipality. The issue Nos. 7 and 8, which relate to the revision of leave rule,

have also connection with the finances of Municipality. They will be discussed against the background of the financial position of the Municipality.

Issue No. 9 relates to termination of employment of five employees, mentioned in the order of reference. This is taken up for adjudication.

Three of these employees have deposed before this Tribunal. P.W. 4, Shri Sudhir Chatterjee, is one of them. His case is that he was made to retire early before the actual date of retirement, which, according to his Service Book, should be 24th August 1959. He was served with a notice, Exhibit 2, by the Municipality. On receipt of such notice Shri Chatterjee submitted a representation, Exhibit 3. His case now is that his representation was not considered. The first page of his Service Book, Exhibit B, was filled up by Shri Chatterjee himself. The year of birth which was 1904 was penned through and 1901 was written in its place in red ink. Besides this, the Municipality has produced its two gradation lists, Exhibits E and E(1), according to which the date of birth of Shri Chatterjee is 24th August 1901. Shri Chatterjee's evidence is that the entries in the gradation list are incorrect and that the original entries regarding his date and year of birth in the Service Book, Exhibit B, is correct. On the side of the Municipality, O.P.W. 2, Shri K. N. Sarkar of the Accounts Department, said that Aswini Babu, the then Accountant, who died long ago, corrected this entry in the Service Book and initialled it. The year 1901 in red ink was written by Aswini Babu. It is also his evidence that gradation list is supplied to every department. Shri Chatterjee had occasion to see the Service Book and the gradation list. The correction in the Service Book was not done by Shri Chatterjee for it is against his interest to do so. The Municipality as an employer stands on a different footing. It cannot be believed that the Municipality with an ulterior motive had forged the entries in the Service Book only to retire Shri Chatterjee before the due date of his retirement. Whatever might have been done was probably done before 1933 when the earlier of the two gradation lists was published. The probabilities are that there was an error regarding the entry in the Service Book as to the year of birth and it was corrected when it came to the notice of the Accountant who was the custodian of the Service Book. I am not prepared to believe that the Municipality had forged this entry in the Service Book to retire this officer before his date of retirement. On behalf of the Municipality it has been argued that a declaration of an employee, once given, should not be permitted to be altered. This argument appears to be fallacious for there is no evidence to show what age was actually declared by Shri Chatterjee. Shri Chatterjee filed a certified copy of the probate of his father's will to show that the date of birth as given by him in the Service Book is correct. According to the will, the year of birth, no doubt, would be 1904, but then the date of birth would not be 24th August as given in the Service Book. Therefore, the will of Shri Chatterjee's late father does not fully support this case. Shri Chatterjee was, therefore, rightly made to retire on 24th August 1956. He is not entitled to reinstatement and/or any compensation in this case.

P.W.5., Shri Charu Chandra Dey, was 55 on the day of his retirement. His case is that he had applied for an extension of his service, which he was entitled to under the rules, but he did not get any. His case was not even considered by the authorities. He was not sent to the Health Officer for examination of his health though he knew that he was physically fit for a further extension of service. The Municipality's case is that shortly before his time to retire he was found negligent of duties by the Administrator of the Municipality who, after proper proceedings, punished him with a fine of Rs.10. Exhibit F is the order of the Administrator and Exhibit

F(1) is the explanation of Shri Dey. It appears from Exhibit G, a note filed by Shri A. Ganguly endorsed by the Engineer, that Shri Dey had retired from the service and did not avail of any extension of his service. The punishment given to him was not condoned. The question now is, whether Shri Dey is entitled, under the rules, to a further extension of his service. The resolution of the Municipality, dated 12th September 1949, Exhibit J, had been approved of by Shri P. R. Mukherjee in his award, vide "Awards made by Tribunals" for the quarter ending September 1950, at page 36. The resolution was quoted in the award at page 47 in the Appendix B. An extension of service can be allowed only when the Chairman is satisfied as to the efficiency of the employee concerned, and if the Health Officer certifies that the employee concerned is in a good state of health fit for further service. So it is not correct to say that an extension of service can be claimed as a matter of right, under the said resolution, provided the employee concerned is in a fit state of health for further service. It appears that the Chairman of the Municipality, i.e., the Administrator, has a big say in the matter and, therefore, it would be entirely incorrect to contend that the Municipality is bound to allow an extension to one's service provided one enjoys a good health at the time of retirement. The resolution and the award referred to above do not convey any such meaning, as has now been sought to be established on behalf of the employee in this case. The "satisfaction" of the Chairman being subjective, regarding the efficiency of the employee concerned, his decision causing one to retire on one's reaching the age of superannuation, or refusal to grant one any further extension of service, appear to be final. The Tribunal will not interfere with such discretion, as in the instant case, unless there is mala fides pleaded and proved against such action. I have given my careful consideration to this case of Shri Dey and I find that the termination of his services on superannuation, without granting him any further extension of service, was not unjustified. Therefore, Shri Dey is not entitled to any relief.

Shri Haren Ghosal, a clerk, and Shri Radha Raman Das, the shift-in-charge, did not depose in this case. No evidence was adduced on the side of the Union to prove their cases before the Tribunal. The Municipality has, however, adduced evidence to show that both of them were temporary employees and they were not in continuous service for even one year. Therefore, the termination of their services did not amount to retrenchment entitling them to any notice, or wages in lieu thereof, and compensation as under section 25(F) of the I. D. Act. That has been substantiated by Exhibits O, O(1), O(2). Exhibit Q is the Standing Order of the Municipality. Shri Ghosal's services were terminated during the pendency of an appeal before the Labour Appellate Tribunal of India arising out of an award between the parties concerned. Shri Ghosal did not file any complaint before this Tribunal. Be that as it may, the case of the Municipality is that Shri Ghosal was found unfit for service. The order of the Administrator on 7th August 1954 was that he could not be employed again in the Municipality's service. Exhibit O(3) shows that it was not a case of retrenchment for Shri Ghosal worked purely in a temporary capacity for fixed periods. Therefore, in any view of the case, he was not entitled to retrenchment compensation. There is positive evidence on the side of the Municipality that these two gentlemen were holding purely temporary posts and their services were terminated on the expiry of the term of appointment. On top of that, Shri Ghosal was found unfit for further service. Against this there is no evidence worth the name on the side of the employees. I am, therefore, inclined to hold that the termination of services of these two employees was justified. They are not entitled to any relief in this case.

While working as in-charge of the Ayurvedic Charitable Dispensary of the Municipality, Kaviraj Shri Debiprasanna was dismissed from service. He was in permanent charge since 1948. His case, in short, is that at the time of audit he could not produce the books of accounts, particularly the Stock Register of the Dispensary, and was reported against by the Auditor. There was no enquiry and neither was he given any charge-sheet. He was straightaway dismissed under the orders of the Administrator of the Municipality. He says that he submitted the Stock Register on the 31st, i.e., two days after the audit, with an application for reconsideration of his case. His further case is that he used to write the Stock Register at home. He was verbally permitted by the former Administrator (late Mr. R. S. Trivedi, I.C.S.) to take the books to his own residence for the purpose of writing them. O.P.W.1, Shri A. Bhattacherjee, is the Internal Auditor, who audited the accounts of the dispensary in this case. He said that the Kaviraj did not show him any order permitting him to take books at home and did not tell him that he would produce the Stock Book next day. Exhibit D is his report, dated 30th March 1955. It appears that on receipt of the said report the Administrator dispensed with the services of the Kaviraj immediately on 7th April 1955 and the Kaviraj was informed of his order on that day. Thereafter, the Kaviraj applied to the A.L.O. for his intervention in the matter. It appears from his report that the Municipality was not prepared to reconsider the case of the Kaviraj. Exhibit C is the Administrator's order, dated 24th September 1956. It discloses a strong case against the Kaviraj. But in this particular case the Administrator did not observe the principles of natural justice as there was no charge-sheet given to the employee concerned and no opportunity was given to him to explain the charges against him. Neither was there any enquiry held in respect of the charges. Now, on the evidence before the Tribunal, it is competent to enter into the merits of the case. On merits, the employee does not seem to have been able to produce the Stock Register of medicine during the audit. The efficiency of the administration of a dispensary depends on proper and regular maintenance of accounts. It was not, admittedly, maintained. And on top of it, the Stock Books were removed from the dispensary. It is true that there is no evidence of any actual defalcation by Kaviraj, even then the Exhibit C shows that the Stock Register was freshly written and had several discrepancies in it. That being the position, the termination of his services, on these facts and circumstances, are not unjustified.

The Municipality's next contention is that the Kaviraj, in this case, is not a workman under the Industrial Disputes Act. P.W.6, Kaviraj Shri Debiprasanna, says that his duties were to examine the patients and to prescribe and serve the medicines to them, as also to maintain the registers and to manufacture medicines from raw drugs. He had never any clerk, nor any servant, nor even a compounder to assist him in his work. He himself did all the work. The Union suggests that the duties actually performed by him would go to show that the Kaviraj was a "workman," for he did manual as well as routine work. But it appears that writing of a prescription by a Kaviraj may be clerical work but what is written is the most important thing. That requires specialised knowledge as to how to treat the patient for any given ailment. Therefore, the manual work involved in this case is insignificant, when compared with the importance of the work which is not manual or clerical and is incidental to the latter. The insignificant part of his work will not take him out of the category of Doctor or Kaviraj and will not make him a person employed to do manual or clerical work. So he does not fall within the category of "workman." Further, it cannot also be said that other workmen of the Municipality have any direct and substantial

interest in his case. Therefore, he is not a "workman" under the I.D. Act. Accordingly, the reference of his case under section 10 of the Act is bad in law. I decide the issue accordingly.

Issue No. 10: This issue relates to the justification of the fixation of the pay and designation in respect of two employees, viz., (1) Shrimati Urmila Banerjee and (2) Shrimati Bina Dasi. These two employees have not deposed before this Tribunal. Shrimati Banerjee had been an Assistant Teacher in Batore Girls' School before its administration was taken over by the Municipality from 1st January 1955. Since then Shrimati Banerjee was appointed a "Sister" in the Salkhia M.F.P. Basic School for Girls. She was not given the grade of the Assistant Teachers as prevalent in the Municipality. She was appointed on a fixed pay of Rs.30 per month. On her representation she was allowed at a later date municipal dearness allowance along with the Government dearness allowance of Rs.4 per month.

The Union's case is that Shrimati Banerjee should be designated as Assistant Teacher and that she should also be given the scales of pay and other amenities admissible to the post. The objections of the Municipality are two-fold, viz., (*i*) that Shrimati Banerjee has not the requisite qualifications for appointment in the grade of the Assistant Teachers and that (*ii*) she has been appointed under an agreement entered into between the Managing Committee of the Batore School before the school was taken over by the Municipality, and the Municipality, in which it was agreed that the employees of the said school would be taken over by it on the "existing" conditions of service. Evidence of P.W. 7, Shri Sujan Kumar Sarkar of the Teachers' Union, is relevant. Shrimati Banerjee is now doing the normal duties of a mistress (Assistant Teacher) in a school. She does the teaching work, according to the routine prepared for the use of the Assistant Teachers. She had been an Assistant Teacher in the Batore School for about eight years before the said school was taken over by the Municipality. She is a non-matric and, I am told, she appeared at the last School Final Examination. It is true that she used to draw less pay as a teacher before the school was taken over by the Municipality. The Administrator of the Municipality had to find accommodation for Shrimati Banerjee and another non-matric mistress, by creating posts with the designation of "Sisters" in place of "Assistant Teachers." The question now is whether this is justified. It is true that she is an under-matric, and also untrained. But, according to Shri Sarkar, there are other under-matric mistresses in Free Primary Schools. The Municipality has accepted Shrimati Banerjee as a member of the teaching staff of the school. She is doing the teaching work as any other Assistant Teacher to the knowledge of the Inspector of the Municipality. Nothing has been known against her efficiency and usefulness as a teacher in the school. As to the agreement between the outgoing and the incoming employers, it is, strictly speaking, not binding on the employees, who are not parties to it. It cannot, at any rate, prevent them from getting just and reasonable conditions of service in the new situation. The designation "Sister" is an anachronism, a misnomer even for a lady member of the teaching staff. Posts of "Sisters" are not known outside the hospital staff. It is, therefore, only reasonable to find that she should be appointed in the grade of Assistant Teachers of the F.M.P. School. She does not deserve unequal treatment while acting as a teacher in school. No one should be appointed outside the sanctioned grades wherever such grades exist. When Shrimati Banerjee has been appointed to perform the duties of an Assistant Teacher, she should be designated as such. She should also be put in the proper grade of the Assistant Teachers and be eligible for the dearness allowance admissible to such a grade. She may be given two years' time from now to acquire the requisite qualifications for the post. The administration

will examine her case at the end of two years and may stop her increment in the time-scale unless in the meantime she qualifies herself for the post. Till then, she will be given the grades and designation of Assistant Teacher and her pay will start from the minimum of the grade of the Assistant Teacher with effect from the date of the publication of this award.

The case of Shrimati Bina Dasi is that she is a maid-servant in the school on a fixed pay of Rs.15 per month. The existing grade of the maid-servant is Rs.15—1—30 with a dearness allowance of Rs.27 per month. Shrimati Dasi used to get less pay, most probably Rs.4 per month, in Batore School before it was taken over by the Municipality. The Municipality's objection is that she is an old woman and, as such, she should not get the pay and the dearness allowance according to the grade. It is, however, in evidence of P.W. 7, Shri Sarkar, that Shrimati Dasi is not a very old woman. She may be aged 45 or 46. Nothing has been said against her efficiency and usefulness as a maid-servant. That being so, there is hardly any justification for giving her a fixed pay of Rs.15 and deny her the usual increments in the grade, as also the normal dearness allowance admissible in the case. One can understand if the increment at a particular stage of the grade is stopped for inefficient work. Ordinarily, there should be equal treatment between employees and employees in equal circumstances. On the evidence before me, I am inclined to hold that the appointment of Shrimati Dasi on a fixed pay of Rs.15 per month as a maid-servant is not justified. She should be placed in the proper grade of the maid-servant and be given the dearness allowance admissible with effect from the date of publication of this award. This issue is answered accordingly.

Issue Nos 1 to 6: These issues relate to the Union's demand for upward revision of the existing grades and scales of pay and dearness allowance and for payment of house rent and compensatory allowance, travelling allowance and duty allowance. The additional expenditure necessary to meet them has been roughly estimated at Rs.10,00,000 a year. These demands were not conceded mainly on financial grounds. They are now resisted here by the Municipality on that ground as also on other equally important grounds. Legal objections, taken by the Municipality in its written statement, to the adjudication of these issues, viz., bar of section 19(6), I.D. Act, and the bar of res judicata were abandoned at the time of hearing. The defence of the Municipality are that its present financial position does not permit it to pay any further increase, however justified, on any of these counts, without curtailing the most essential services now rendered to the rate-payers, and also without running the possible risk of its supersession by the Government, for its inability to meet the pressing demands for payment of all its outstanding loans, the statutory dues of the Howrah Improvement Trust and the other prior charges, that it pays adequate wages to its staff which compare very favourably with those now paid by the State Government of the West Bengal, the Commissioners for the Port of Calcutta and the Corporation of Calcutta. The Union's case, on the other hand, is that the existing grades and scales are inadequate, so much so, that the employees are unable to make their both ends meet and are obliged to live mostly in poverty and debts and that the cost of living has been steadily and enormously increasing. Its further case is that the defence plea of financial incapacity to meet the just and human demands of the employees is more imaginary than real and that the condition has of late improved a lot. There are anomalies in the grades and scales which also call for immediate revision. This Municipality which is partly governed by the provisions of the Calcutta Municipal Act and which is almost as big in many respects as the Corporation of Calcutta, should pay its workmen and employees as much as the Corporation of Calcutta, if not better.

This Municipality, which is second in size and importance to the Corporation, has at present total number of 4,154 employees on its rolls, who are drawing the following wages:

Up to Rs.50	3,355
From Rs.51 to Rs.100	488
From Rs.101 to Rs.280	297
Rs.281 and above	14
Total ...	4,154

These employees are served by seven Unions which represent them in this proceeding. Their demands have been stated in details in their various statements. They made several attempts before and after 1946 for enhancement of their wages, etc. They partly succeeded in 1946. This is fifth attempt, on record, on their part, since the I.D. Act came into operation, to get the workers' wages fixed and revised on a more rational basis so that they may live in peace, free from want, at least, from the barest necessities of life which they cannot afford to get with their existing grades and wages. This is the Fifth Tribunal, in eight years, which is investigating into the workers' demands for wage increases and for betterment of other conditions of service. The first dispute, raised by the Waterworks employees only, was adjudicated by Shri N. C. Chakravorty by an award, dated 25th September 1947, the second dispute for all employees was adjudicated by Shri S. N Modak, I.C.S. (Retired), by his award, dated 23rd March 1948. The third dispute—for all employees—was adjudicated by Shri P. R. Mukherjee by his award, dated 27th July 1950, and the fourth dispute—for all employees—was disposed of by Shri M. C. Banerjee, by his award, dated 3rd July 1954, subsequently modified in appeal, by a Calcutta Bench of the Labour Appellate Tribunal of India on 31st January 1956. The present dispute was, as already stated above, referred to a Tribunal within a few months of that date.

Issue Nos. 1, 2 and 3 were common in the last three awards and issue s. 4 and 6 are common in the second and fourth awards and issue No. 5 was y raised in the second award of Shri S. N. Modak.

The Union's demands under these issues are summed up as follows:

(1) Howrah Paura Karmachari Panchyet claimed grades, as in Annexure B, with a minimum of Rs.45 per month, the other grades with a minimum of Rs.50, Rs.65, Rs.85 and Rs.125, i.e., for a rise of 25 per cent. to 50 per cent. over the existing rates.

It claimed dearness allowance at Bengal Chamber of Commerce's rates or as recommended by the Central Pay Commission or linked with a rise in price index number with a minimum of Rs.10 per month, house rent 10 per cent. per month, compensatory allowance 10 per cent. with a minimum of Rs.10 per month. It further claims for all employees a rate of wages which should be adequate to provide a balanced diet for every worker's family consisting of three consumption units at a minimum cost of Rs.177-3 only.

(2) Howrah Jal Kal Karmachari Sangha claims enhancement of all basic wages by 30 per cent., minimum Rs.50 per month with additional increments, dearness allowance varying between Rs.30 to Rs.75 per month up to Rs.400 and 17½ per cent. above Rs.400. It asked for uniform scales of dearness allowance for employees at Serampore and Howrah. At present some get Rs.28 while others get Rs.30 for wage groups Rs.51 to Rs.200 and some get Rs.30 and others get Rs.35 for wage groups Rs.151 to Rs.250. This

should be paid at the uniform rate of Rs.30 and Rs.35, respectively, and house rent and compensatory allowance as by the first Union.

(3) Howrah Municipal Karmachari Sangha, representing all except Mazdoor of Conservancy Department and Head Waterworks Department at Serampore, claims enhancement of wages with a minimum of Rs.50 per month, dearness allowance at the Government scales and compensatory allowance at 10 per cent. and house rent allowance at 10 per cent. with a minimum of Rs.5 per month.

(4) Howrah Municipal Workers' Union claims a dearness allowance at Rs.45, Rs.50, Rs.55 and Rs.60 per month for different wage groups and house rent and compensatory allowance at 10 per cent., subject to a minimum of Rs.10 per month.

(5) Howrah Municipal Free Primary School Teachers' Association are representing 22 schools. Teachers' wages were revised by the Municipality of its own accord in 1946 and basic wages were further revised in 1949 by agreement. It now claims a scale of pay for the Head Master, Assistant Teachers and Peons, respectively, as follows:

Rs.70—7—140—10—200.

Rs.60—5—100—7—107—9—170.

Rs.35—2—75.

Dearness allowance at Government scales or Rs.40 *plus* Rs.2 for those employees drawing between Rs.51 to Rs.100, Rs.45 *plus* Rs.2 for those drawing between Rs.101 to Rs.150 and Rs.50 *plus* Rs.2 for those drawing Rs.151 to Rs.200 and house rent and compensatory allowance at 10 per cent.

(6) Howrah Jalkal Mazdoor Union have different rates of dearness allowance for employees employed at Howrah Waterworks and Serampore Waterworks. This should be paid at uniform rates. This claims a dearness allowance at Government rates and compensatory allowance and house allowance at 10 per cent. with a minimum of Rs.10.

(7) Howrah Municipal Employees' Association representing 3,000 employees, out of a total of 3,500(?), claims revision of basic wages at between Rs.30 to Rs.100 per month.

These demands, on rough calculations, are likely to cost the Municipality an additional expenditure of Rs.11,90,700 a year under establishment charges alone.

The principles of wage fixation are, by and large, well established. We will refer to them presently. It would, therefore, be unwise to apply them with equal emphasis to the case of employees and workers employed in a non-profit-making institution. These employees should not be placed on the same footing with their counterparts in other industries. This caution is more needed in the case of Municipalities, which are created under Statutes, and which have stautory duties to perform and obligations to fulfil within the limits of law. Municipalities exist for the welfare of the people living within their area and are bound to provide these people with certain amenities of life including essential services in return of rates which they pay. Municipal institutions have come to stay as a part of our national existence and the people can now hardly think of doing without them or without services they are required to maintain for the sanitation of the locality. Therefore, it is equally important that the employees and

the workers employed under them to carry out their obligations to the rate-payers should also co-exist, i.e., live peacefully with as much freedom from want as possible. An endeavour should, therefore, be made to make an adjustment between the needs of the two so that the administration can run on smoothly without much less interference with its work.

Question of remuneration can never be static. It is liable to change with change in circumstances. But then, change must be real and substantial. At the same time a wage structure, once settled, is expected to last for a long time and should not be lightly disturbed. It is always a long-term plan. The Hon'ble Supreme Court of India in a case between Crown Aluminium Works and their workmen, reported in 1958 Labour Law Journal, Volume I, page 1, considered the principles for fixing a wage structure and held: "Though social and economic justice is the ultimate ideal of industrial adjudication, its immediate objective in an industrial dispute as to wage structure is to settle the dispute by constituting such a wage structure as would do justice to the interests of both labour and capital, would establish harmony between them and lead to their genuine and whole-hearted co-operation the task of production. In achieving this immediate objective, Industrial adjudication takes into account several principles, such as, for instance, the principle of comparable wages, productivity of the trade or industry, cost of living and ability of the industry to pay. Industrial adjudication has naturally to apply carefully the relevant principles of wage structure and decide every industrial dispute as to do justice to both labour and capital. In deciding industrial disputes in regard to wage structure, one of the primary objectives is and has to be the restoration of peace and goodwill in the industry itself on a fair and just bases to be determined in the light of all relevant considerations. There is, however, one principle which admits of no exceptions. No industry has a right to exist unless it is able to pay its workmen at least a bare minimum wage."

We will have to consider the issue in the light of this observation and apply the principles to the facts of this case with a view to ascertain whether an upward revision of grades and scales of pay and dearness allowance and the introduction of house rent and compensatory allowance are at all called for.

Briefly speaking the Union's claim is more or less based on the following:

(1) The financial position of the Municipality has considerably improved since the last award. The previous awards could not allow sufficient wage increase as the financial condition was found to be extremely precarious. It is not so now.

(2) The cost of living has become more expensive.

(3) The existing remuneration is grossly inadequate.

(4) The rates of dearness allowance are poor. They are comparatively lower than those paid in other industries in the locality.

(5) The employees and workers require a balanced diet which at the moment would cost a family of three consumption units Rs.177-3 a month. Besides, cost of city life has also to be met out of this poor remuneration.

The Municipality, as already stated, denies these allegations in substance emphatically as it pleads that it is spending about two-thirds of its ordinary income on establishment charges alone, which in the last three or four years have gone up from Rs.30,51,053 in 1953-54 to Rs.36,68,129 in 1955-56. It is over 60 per cent. of its ordinary income. The Municipality, therefore, contends that the establishment charges cannot be further

increased without a breakdown of the essential services to the rate-payers and complete collapse of its administration. It concedes that its financial condition has "slightly" improved since its supersession in April 1954. But this is still highly unsatisfactory.

Question of examination of the financial implication of these demands is, therefore, important. It is against this background that the issues under consideration should be adjudicated, for all wage increase, however justified, will ultimately depend on the capacity of the employer to pay. It is, of course, not so when the employer is not paying the minimum wages to its employees.

This question came up before the local authorities and before the Tribunals which carefully scrutinized it, particularly in the last three adjudication proceedings. The findings in this matter are binding on both parties to the dispute and can only be displaced by opposite findings, based not on surmises and suspicion but on evidence.

These findings are—

(1) Shri S. N. Modak, I.C.S. (Retired), in the second dispute under the Industrial Disputes Act observed as follows:

"I have carefully gone into this question in a somewhat detailed manner and have got the impression that the Howrah Municipality is at present facing financial crisis and the situation is positively alarming."

That was towards the end of February 1948.

In the third dispute Shri P. R. Mukherjee observed in connection with the financial position of the Municipality as follows:

"Now I come to the actual facts and figures and I would now refer to important letters of Mr. R. S. Stracey, I.C.S., District Magistrate, Howrah, who fully surveyed the financial position two or three years back. In paragraph 14 of the first letter Mr. Stracey observed: 'the Municipal finance are in the last stage of collapse and it is doubtful if they will be able to fulfil day-to-day commitments.....' In the second letter Mr. Stracey said: 'the crux of the problem is to provide the Municipality with sufficient income to meet its annual expense for the purpose of statutory duties and to provide a fund for improvement of various civic amenities. While the income of the Municipality has remained more or less static over the last few years, the establishment charges have greatly increased on account of the general fall in money since war.....things have been continuing the same as before and have not at all improved.....' From the above it will be seen that the problem of Municipal administration is extremely at the critical stage..... I do not like to go into further details submitted by Howrah Municipality, but I am quite satisfied beyond any reasonable doubt that the Municipality is in a critical financial position and any further increase will surely prove the last straw on the camel's back."

The wage structure of the employees before Shri M. C. Banerji's award is the consolidated result of the awards of Shri N. C. Chakravorty in 1947, of Shri S. N. Modak in 1948 and Shri P. R. Mukherjee in 1950. Thus their awards involved an additional annual recurring expense of Rs.7,84,284 on 20th April 1954. The Government of West Bengal superseded the Municipality for the period of two years. In paragraph 8 of the Government order it is stated that at the end of 1951-52 the Municipality's liabilities on account of current bills amounted to Rs.9,52,170 against the closing balance of Rs.4,70,740 and at the close of 1952-53 the liabilities on account of current bills appeared to be Rs.8,76,391 against a closing

balance of Rs.4,30,336. It further stated that not only does the current income of the Municipality falls short of its current expenditure, but its liabilities on current bills alone far exceeds its closing balance. It is thus obvious that the finances of the Municipalities are in an appalling state. Shri M. C. Banerji finally observed that the financial condition of the Municipality was precarious. It is unsatisfactory. The Tribunal will have to proceed with caution in imposing an extra burden on it by way of increase of emoluments for the employees.

Has the position been changed? The Unions, as stated above, contended that there has been considerable improvement since the Government had taken over the administration of the Municipality and the Municipality admitted that the financial position has since supersession been slightly improved but not enough to bear any more expenditure on establishment charges. The position since the date of the last award seems to be this. The ordinary revenues during the last three years were as follows:

	Rs.
1953-54	49,32,614
1954-55	68,34,865
1955-56	71,95,643

These figures include arrear collections of Rs.5,33,451-11-1, Rs.13,27,398-8-9 and Rs.7,44,953-0-3 during the said three years, respectively.

In 1955-56 the figure included an amount of Rs.7,13,154, which accrued by sale and compulsory acquisition of Municipal properties during that year. The Municipality at the end of these three years had an outstanding liability amounting to Rs.44,36,750 including a total loan of Rs.29,26,685. The Municipality has its statutory liability under section 96 of the Howrah Improvement Act, 1956, to pay a sum equivalent to ¾ per cent. per quarter on the annual rateable valuation determined under Chapter 10 of the Calcutta Municipal Act as extended to the Howrah Municipality. The Municipality asked for exemption from payment of these dues but the Government did not accede to its request. Liability for payment remains. Under section 124 of the Calcutta Municipal Act a consolidated rate not exceeding 23 per cent. on the annual valuation determined under Chapter 10 may be imposed by the Commissioners upon all lands and buildings in the Municipality of Howrah. The Municipality has taxed, accordingly, at the rate of 22 per cent. including ½ per cent. under the Howrah Bridge Act, i.e., practically up to the taxable limit provided for under the Act. This has been as nearly as possible shown by the Municipality in their final budget estimate for 1957-58, Exhibit I(3). The statement is quoted below:

	Opening Balance.	Receipts.	Total Funds.	Appropriation.	Closing Balance.
	Rs.	Rs.	Rs.	Rs.	Rs.
Loan Accounts ..	Nil	81,000	81,000	81,000	Nil.
Revenue Accounts	4,65,060	91,97,256	96,62,316	90,97,497	5,64,819
Total ..	4,65,060	92,78,256	97,43,316	91,78,497	5,64,819

his position has not been accepted by the Unions as correct. The Unions sisted on saying that the Municipality, with little more effort could sily pay—its paying capacity is stronger than what is reflected in its

budget estimates—and that it has still a large amount of untapped resource and can easily obtain any measure of financial assistance from the Stat Government only if it has the will and determination to do it.

We have scrutinised the figures given in the budget estimates in th light of this suggestion made on behalf of the different Unions. We ar unable to agree with the Union's view that the figures have been in an way manipulated or that the establishment charges in actual fact coul be less than 60 per cent. of the revenues. We are also unable to accept th suggestion that establishment charges should not include the charges pai for the services maintained by the Municipality. The Municipalit appears to have done its level best to raise the consolidated rates almost u to the limit laid down in section 124 of the Calcutta Municipal Act. I had improved its collections including substantial portion of arrears particularly in the year 1955-56. During that year it had an income o about Rs.77,13,154 in the nature of windfall from sale and compulsor acquisition of some Municipal properties. It succeeded in getting increased subventions from the State Government. Even then the financia position did not improve substantially. The closing balance is really wha has been stated to be a paper balance shown to meet the requirements o law. This hardly allows any substantial margin for further increase i expenditure on account of establishment charges.

As to the suggestions for improvement of the Municipal funds, made o behalf of the Unions, they cannot, I am afraid, be readily acceptable b the Administration for the simple reason that in numerous cases it i beyond its control to do so. The *hidden income* has not been unearthed. The untapped resources have not been definitely enumerated nor proved to exist. The activities of the Municipality in this direction are disclosed in Exhibit M to Exhibit M(6). Exhibit M(6) is a letter from the Joint Secretary, Local Self-Government Department, to the Chairman of the Howrah Municipality, dated the 9th April 1953, on the proposal for the imposition of certain new taxes and payment of a portion of State revenues to the Howrah Municipality. In the said letter the Government regretted their inability to give any share of the proceeds of any of the taxes levied by the State to the Howrah Municipality as demanded by it and also turned down the proposal for imposition of certain new taxes. Exhibits M, M(1), M(3,) M(4) and M(5) go to show the outstanding loans and obligations of the Municipality for which the Government was pressing for payment. The State Government in Exhibit M(2), a letter, dated 8th April 1957, suggested that the establishment charges representing 59·8 per cent. of the total ordinary expenditure should be reduced. Exhibit M(3) shows that the Divisional Commissioner, in his inspection notes, expressed his anxiety, particularly over the increased cost of establishment in the Howrah Municipality. According to the budget of 1956-57, the cost of establishment was expected to be Rs.37·89 lakhs, the ordinary income of Municipality from all sources comes to about 75 lakhs and the cost of establishment works out roughly to about 50 per cent. of that income. This is undoubtedly a high figure. The cost of establishment of the Corporation of Calcutta comes to about 25 per cent. of the income. The Commissioner suggested that necessary investigation should be made to see whether there is a possibility of reducing the cost of establishment in view of the big establishment charges; the margin left for development works was necessarily very poor. This evidence shows that the Municipality has not yet been out of wood and that its financial position is causing anxiety to everybody including the Government. The Municipal authorities did act up to the suggestion made on this behalf by the Union but did not succeed in getting satisfactory results. The Government's subvention has

increased. But it is hardly possible to predict, with certainty, its amount beyond what the Municipality got on an average in the previous years, and then, the resources of the State Government are not unlimited. There are other Municipalities which deserve equal, if not more, attention from the State Government and equal, if not greater, claim on its aid in all reasonable matters. Besides, the State has no statutory obligations to pay any subvention to the Municipalities. At least, no such provision was shown to me. It is, therefore, idle to contend that all increases in expenditure on this count should come, as it did in the past, from the Local Self-Government Department of the State Government.

The paying capacity of the Municipality in this context, to my mind, means its ability to pay out of its own fund under its actual control at the present moment. It actually means its *ordinary income* from its revenues, leaving out such amounts as are in the nature of windfall, not likely to recur in future. All uncertain, anticipatory and speculative income must be left out of consideration in determining its capacity to pay wage increase, in grades and scales of pay, which means increase in expenditure, year after year, in arithmetical progression. An Industrial Tribunal, adjudicating an issue on wage increase, should be guided only by the realities of the situation and should take stock of the actuals. It must not proceed on mere surmises in fundamental matters.

In ultimate analysis the actual financial position of the Municipality, as it is now, and as it is likely to be in foreseeable future, is not very encouraging in this respect, particularly when it is seen that a wage increase by a rupee per head means an additional expenditure in the neighbourhood of Rs.50,000 a year. That being unfortunately the actual position, it cannot be said that the financial position of the Municipality has considerably improved and that the Municipality is now in a position to pay better wages to its staff than in the past. This is, however, no answer to the demand for the payment of minimum wages if it is not paid at this rate. It is a well-established principle of wage fixation that a minimum wage must be paid, irrespective of the employers' capacity to pay. It has a statutory liability in India under the Minimum Wages Act which cannot be avoided on any plea of financial inability to pay. This takes us to the consideration of the question whether or not the employees including manual workers (and conservancy mazdoor) are getting the minimum wages at present.

Issue Nos. 1 to 6: The Government of West Bengal, Labour Department, by its notification No. 7140-Lab./2W-9/51, dated 1st October 1951, fixed the minimum rates of wages payable to the employees employed under local authorities (Municipality) in the State Government under sub-section (2) of section 5 of the Minimum Wages Act, 1948. It has been stated in paragraph 3 of the notification that the minimum rates of wages payable to the employees under the Howrah Municipality shall be governed by Government order No. 4014-Lab., dated 24th July 1950. This refers to the award of Shri P. R. Mukherjee, dated 28th June 1950. According to this notification the minimum wages payable under the Act are those which had been fixed by this award. It is nobody's case that the Municipality did not implement this award or that it is paying less than the rates fixed under the award. This is *prima facie* evidence that the employees are getting the minimum wages under the Act. Our attention has been drawn to the fact that a Committee has been appointed by the State Government to advise it regarding any revision of wages under the provisions of the Minimum Wages Act and that the said Committee is holding its sittings now. It does not directly concern us here. Any recommendations of that Committee, when given effect to by the State

Government, would be binding on the Municipality and be enforceable in law. Any upward revision of minimum wages, based on the recommendations of that Committee, of course, will prevail over the award in the present dispute. That is to say, the employees should be entitled to rates, whichever would be found higher and more favourable between the two. Any other course is likely to unduly interfere with the work of the Minimum Wages Committee. Be that as it may, it can safely be said that the wages now paid, which in some cases are much in advance of the minimum fixed under the Minimum Wages Act, are not grossly inadequate. But then, this does not fully dispose of the question raised on behalf of the Union. The Union's viewpoint on this matter is that the cost of food alone in these days for a worker's family, consisting of three consumption units, amounts to Rs.177-3 as given in Annexure C to the written statement filed by Howrah Paura Karmachari Panchayet. A glance at this document would show that it was drawn up on the basis of Famine Enquiry Report, page 106, and the cost has been calculated approximately at the present market rate. P.W.9, Shri Nirmal Sarkar, the Assistant Secretary of the Paura Karmachari Panchayet and an employee in the Accounts Department of the Municipality, said in his deposition that the Annexure C would give an idea of the cost of food required for a worker's family, consisting of three consumption units, at the present market price. He is the only witness who speaks about the cost of food without reference to any concrete materials to support him on this point. Balanced diet is, it is common knowledge, not available in sufficient quantity, and it is not within the means of many to procure it. It is, therefore, idle to contend that a worker's wages should be inadequate unless it helps him and his family with money to provide for balanced diet at a cost estimated in the document referred to above. A worker requires something more than food to live on. He must have living accommodation, fuel, light and cloth, too. The entire document has been drawn up, not on the basis of actual fact, but on surmise alone. This cannot, therefore, be accepted as furnishing an objective standard to ascertain the adequacy of the wages paid. There was no general revision of wages, either in Government service or in the Corporation of Calcutta or in the Commissioners for the Port of Calcutta, since 1950. No special case has been made out calling for an interference in respect of the existing rates. It has been seen that there has not been any substantial change of circumstances since the last award. The principal ground on which all claims for increases of wages were disallowed in the past, or were not allowed substantially, was that the Municipality had no money to pay for them. Since the date of the last award there has not been any alteration in the circumstances. In short, that being the position, the Union's plea is that the existing rates of wages here are much below the rates of wages that are being paid in other industries in and around Calcutta. The question of comparable wages is no doubt relevant and it is now examined to see whether the Union has succeeded in showing that the present rates are inadequate. In this connection the evidence of P.W.8, Shri Patit Paban Pathak, the Commissioner of Bally Municipality, and P.W.10, Shri Tripti Kumar Roy Chowdhury, the Secretary of the Howrah Improvement Trust, and the Exhibit 7, an unsigned statement showing the pay scales of the employees and the workers of Konnagar Municipality, are relevant. The Union no doubt, during the argument, referred to several awards showing the existing minimum rates of wages in the jute, engineering and textile industries. It has been argued on behalf of the Union that in any view of this evidence the existing rates of wages of the employees and the workmen of this Municipality are lower than that

aid elsewhere in similar situation to the same categories of employees nd workers. P.W.8, Shri Pathak, is a sitting Commissioner of the Bally unicipality, a place almost adjoining to the Howrah Municipality. He also a member of the Executive Committee of the West Bengal Municipal Federation and President of the Barahanagar Municipal Employees' ssociation. He spoke about the pay scales of the Konnagar Municipality nd proved Exhibit 7. He frankly admitted that he was not in a position o speak about the pay scales, etc., of other Municipalities with which e is not connected. He mainly spoke about the house rent and dearness llowance. His evidence does not directly prove that the rates of wages ow paid by this Municipality are inadequate P.W.10, Shri Roy howdhury, is the Secretary of the Howrah Improvement Trust. He said iat pending finalisation of the rules and the approval of the Board, the nprovement Trust has tentatively adopted the Government scales of pay nd dearness allowance. A cash compensatory allowance of Rs.5 is also aid to employees drawing basic wages up to Rs.300 per month. For the iferior staff the total cash compensatory allowance is Rs.9 per month. ouse rent is also paid to the employees. He, however, made it clear that ese emoluments are in the formal state and subject to modification. The owrah Improvement Trust was created under the Howrah Improvement ct, 1956, and this Act received the assent of the President on the 9th ne 1956, and probably the Trust was started on that date. It is also ear from his evidence that the staff for the office of the Improvement rust were recruited from the Government employees of the Howrah ollectorate, Sales Tax Office and Enforcement Branch. It is, therefore, o wonder that pending finalisation of the rules and the approval of the oard, the pay and dearness allowance should be the same as they used o receive before as Government employees prior to their joining the service f the Improvement Trust. In any case, it is a tentative arrangement. his evidence proves nothing more than the rates of wages, dearness llowance, etc., as paid by the Government. Accordingly, this evidence of no positive help to the Union's case. A reference to the award of e jute, engineering and textile industries showing the scales of pay and arness allowance is obviously of no assistance in determining the issue. part from the fact that the basic needs of the workers everywhere are e same, there is nothing else in common between the cases of the ployees of this Municipality and those of the employees and the workers ployed in the aforesaid industries. One is a non-profit-making body d the others are industries where the workers by their labour contribute he profits earned in the business. In this state of unequal circumstances question of comparison with a view to showing how the wages compare each other would be absolutely unhelpful in the case. The Munility, on the other hand, pointed out instances where their pay scales pare very favourably, viz., with the corresponding pay scales existing the State Government service, the Corporation of Calcutta, and the missioners for the Port of Calcutta. The Municipality also referred he existing scales in the District School Board to show that the Munility's rates are higher than those current in the Board's services. refore, it may be held that in most cases the existing grades of wages scales of pay compare favourably with those which are now existing he State Government, the Corporation of Calcutta and the Commisers for the Port of Calcutta.

The cost of living index has gone up. A glance at the table of cos of living index in Calcutta in September 1957 would show the followin (Base: August 1939 - 100):

September 1956.	August 1957.	September 1957.

There has been in the meantime a rise in the index figure by one or tw points. Generally, it may be held that there has been a rise in the cos of living index since the last award. In that way there has been some chang in the circumstances. But then, a rise in the cost of living index justifies revision of the existing rate of dearness allowance which is allowed to com pensate the deficiency and to neutralise the rise in the cost of living. Apar from pointing out some scales of pay starting with the same minimum bu ending with different maximum no other real anomalies could be pointed ou or established in this dispute. Having considered the facts and circum stances of the case, as also the arguments advanced by the learned repre sentatives of the parties, I am inclined to hold that a general revision of th existing grades and scales of pay, as in the demands, will not be justified particularly in view of the near-critical financial position of the Municipality

I now come to the question of dearness allowance. In the Annexure A to the Municipality's written statement the Municipality has shown in details the dearness allowance paid to the Head Office staff and to the Water works staff. This shows at a glance the dearness allowance that was paid previous to Shri Modak's award, as also under his award, and under the award of the Labour Appellate Tribunal. The Administrator has raised the dearness allowance by Rs.2 with effect from 1st October 1956 for employees drawing up to Rs.250. The existing dearness allowance for the conservancy menials, as also other menials and the clerical staff drawing pay up to Rs.50 is Rs.27 per month.

	Dearness allowance Rs.

Rs.101 to Rs.200	... 37

Various claims for increase in dearness allowance have been stated in the beginning of the discussion of the issue. The Municipality's case is that the dearness allowance was adequate and that it was enhanced by an order of the Administrator with effect from 1st October 1956. It is suggested that the Minimum Wages Committee now holding its sittings to revise the rates of minimum wages would be competent to investigate into this matter. It is once again pointed out that we have nothing to do with the activities of the said Committee here. As already stated, this award will not stand in the way of the employees and workers' getting any more benefit under the Minimum Wages Act. It appears that the Administrator by his order, dated the 26th September 1956, as per Exhibit A, made it clear that the Municipality closely follows the orders issued by the Government of West Bengal both with regard to pay and quantum of additional dearness allowance. The Government of West Bengal sanctioned an additional dearness allowance of Rs.2 for all wholetime servants drawing pay not exceeding Rs.250 per month with effect from the 1st August 1956. The Administrator has only adopted this order in respect of his Municipality two months later. It further appears that the Government of West Bengal, in supersession of that order, has raised the additional dearness allowance to Rs.5 per month with effect from the 1st April 1957. The present reference was, of course, made on the 8th October 1956. There has been an increase in the cost of living index by at least 20 points since September 1956, for which the Government superseded its previous order and sanctioned an additional dearness allowance of Rs.5 with effect from the 1st April 1957. Therefore, it will not be correct to say that the cost of living was sufficiently neutralised by Rs.2 which the Administrator allowed following the Government order on this point. The other objection of the Municipality is that it has no money to pay further increase in the dearness allowance. The Union contends that at least 70 per cent. of the money would, as before, come from the State Government and the Municipality would have to pay only a small amount of money out of its own fund. In any case, the Municipality will have to find money for payment of this dearness allowance so that the employees and the workers drawing wages not exceeding Rs.250 per month are not hard hit by this high cost of living.

Although dearness allowance, as it is paid in India, is treated as a part of wages, it is nevertheless considered to be a temporary measure as opposed to basic wages which is taken as permanent in the wage structure. Dearness allowance is liable to variation with change in the cost of living index, whereas the basic wage is expected to last for a considerably long time. Finances, though a relevant factor in determining the amount of the dearness allowance, as it is in the case of basic wages, do not in the instant case present any difficulty. A fairly substantial portion of it is now borne by the State Government.

Evidence was adduced by the Union to show that in actual fact at least a large percentage of Municipal employees are in the habit of taking loans and advances from the Provident Fund, Mutual Benefit Fund and also from Co-operative Society. At least three witnesses on the Union's side, viz., P.W. 1, Shri Monoranjan Mukherjee, P.W. 2, Shri Manimohan Ankur, and P.W. 3, Shri Ambar Nath Chakraborty, spoke directly on this point. This evidence *prima facie* establishes the Union's plea that because of the high cost of living the employees are almost living in perpetual poverty and debts.

Some anomalies in the payment of dearness allowance to the employees posted outside Howrah have been pointed out on behalf of the Union. The Municipality in its written statement in paragraph 60, at page 34, admits

this. The Municipality has left the matter entirely in the hands of tl Tribunal for its rectification. It has not been shown in this case that the is any basis for this difference in payment of dearness allowance, e.g., son employees getting Rs.30 in place of Rs.32 and some getting Rs.32 in plac of Rs.37. This should be removed forthwith and the same rates of dearne allowance should be paid to all employees.

The Union contends that the increase in wages and dearness allowan should be paid with retrospective effect at least from the date of referenc viz., 8th October 1956. There is some justification for this plea. Ou attention has been drawn to a West Bengal Press Communique embodying tl terms of settlement between the Association and the Employees' Federatio dated 15th April 1958. This provides that with effect from the 1st Apr 1958 or from an earlier date, subject to the approval of the Government India, the Government of West Bengal had agreed to the payment of tw thirds of an ad hoc additional dearness allowance of Rs.5 to all employees all Municipalities. The remaining one-third will be borne by the Munic pality concerned. But this benefit is available to the employees and tl workers whose total emoluments do not exceed Rs.100 per month. Tl Government of West Bengal will pay two-thirds of its ad hoc allowance Rs.5 and the Municipality will have to pay one-third of it, viz., Rs.1.66 nl per month per head. That will not impose in any case any heavy financi burden on the Municipality. This is mentioned only to show that the ad h additional allowance will not prevent the employees and workmen gettin the increase of Rs.3. Accordingly, it is directed that the Municipalit shall pay an additional dearness allowance of Rs.3 per month to all Mun cipal servants drawing basic wages not exceeding Rs.250 per month wit effect from 1st April 1957.

Now we come to the issue of house rent allowance and compensato allowance. The Union's demand is for payment of 10 per cent. of the wag as house rent and compensatory allowance with a minimum of Rs.10 p month. The Municipality contests. Its case is that the Unions did n show any substantial change in circumstances since the previous awar which successively rejected these demands. House rent allowance has bee claimed on the following grounds:

(*i*) House accommodation is scarce and expensive;

(*ii*) Rent Control Act is in force in Howrah; and

(*iii*) There are only 30 quarters for conservancy mazdoors on a rent o Rs.8 per month.

It is, accordingly, suggested on behalf of the Union that at least Rs.8 shoul be paid on account of house rent till accommodation is provided for by th Municipality. In any event, expenses for accommodation should not b oppressive burden on the labour. Compensatory allowance is claimed o the analogy of the employees under the Government of India getting suc an allowance while employed in the city of Calcutta. It has been contende that some compensation, as in the case of Government servants employed i Howrah and Calcutta to meet the increased cost of city life, is to be paid t all Municipal employees. This claim was also turned down previously. I appears that the Government of West Bengal has withdrawn all concession paid to their employees posted in Howrah with effect from 1st April 195 (vide Annexure A to the written statement of the Municipality on thi point). It is, therefore, argued on behalf of the Municipality that there i

no good reason why this should be paid to the Municipal employees and workers at a time when the Government thought it fit to discontinue such concessions where they were previously paid. Further, a cost of house rent is taken into consideration in fixing or revising wages. Nothing has been shown or suggested in this case that no such consideration was made in fixing the existing wages. Furthermore, reference was made once again to the Minimum Wages Committee for revising the existing rates of wages under the Minimum Wages Act for employees in Howrah. We have repeatedly said that the functions of the Committee and restricted jurisdiction exercised by the Tribunal in the matter of adjudicating the issue before it are entirely different. Even then, any possible inclusion of house rent in the revised rates of minimum wages under the Minimum Wages Act given effect to by the State Government will, no doubt be binding on the parties as much as this award and it is made clear that refusal of the demands in this award for house rent will not stand in the way of the employees getting full benefit under the provisions of the Minimum Wages Act. We have anxiously considered these demands and are of opinion that they should not be allowed in this dispute.

Next we come to the issue of travelling allowance and duty allowance. Travelling allowance is at present paid in the interest of Municipal service. Such allowance is paid to some of its employees whenever considered necessary. Other employees, in general, are also paid actual cost of travelling when they incur such cost for any Municipal work. It is now claimed on behalf of the employees that a revision of the existing rates is necessary for those who are getting this and for those outdoor staff who are not at present getting it. This includes the claim for payment of travelling allowance by the Municipal teachers on the analogy of lady teachers of Corporation of Calcutta. The cycle allowance at present paid is Rs.10 per month since 1st October 1949. The claim for higher amount is only to meet the increased cost of maintaining a cycle. Duty allowance is, no doubt, paid for some categories of workers who have extra duty to perform. It is in the nature of special pay for any arduous nature of the duties in comparison with other employees in the same cadre receiving the same scale of pay or for any specific addition to the work or responsibility. It should not be mixed up either with overtime allowance or with holiday allowance. It is now claimed at increased rate for those who are already getting it, and for some more employees. For one reason above all, such demands made should not be entertained now when any increase in existing rates, or introduction of new allowance for employees, means extra financial burden on the Municipality. No good reason has been advanced to show why new employees should be given these facilities or the existing rates should be increased. These issues are, therefore, decided against the Union.

Issue No. 7: This issue is whether the employees should be paid full arness allowance during leave on half or quarter pay. The Municipality's se is that the leave allowance is always calculated on the basis of the ages drawn by an employee during leave and wages have been defined in e Industrial Disputes Act and all other labour laws to include dearness lowance. It is, therefore, contended on behalf of the Municipality that e dearness allowance cannot be paid in full during leave on half and arter pay. This practice is in force since 1943. The Union's case, on e other hand, is that there is hardly any justification to deny full dearness lowance to such cases where allowance is paid to enable them to meet the creased cost of leaving. The necessity for such allowance in full is eater when an employee is compelled to take leave on half or quarter

pay. Government of West Bengal Finance Department Rule on tl subject, which was published in the *Calcutta Gazette, Extraordinar* June 13, 1950, is as follows:

Drawal of the allowance during leave

"Both for the purposes of monetary limits within which the allowan is admissible and for determination of its amount the allowan during leave will be calculated on the basis of the leave sala actually drawn and at the rate at which it was admissil immediately before the officer proceeded on leave."

We fail to see why the same principle should not apply in the case the Municipal employees. That is to say, the allowance should be calculat on the basis of the leave salary actually drawn, e.g., if the leave salary Rs.55, then, in that case, the dearness allowance should be paid as accordi to slab admissible for employees drawing pay between Rs.51 and Rs.10 There is no justification for any change as suggested by the Union. Tl issue is decided accordingly.

Issue No. 8: This issue is whether the present leave rules should l revised and, if so, in what way. The leave rules are embodied in a printe book, marked Exhibit 15 in this case. It has been brought up to date.

This very issue was last adjudicated by Shri M. C. Banerjee and wa disposed of by this award, dated 15th June 1954, published in the *Calcutt Gazette, Extraordinary*, on 10th July 1954. Shri Banerjee found that tl Municipality is liberal in the matter of granting of leave facilities an accordingly did not make any alteration in the existing leave rules. Tl Municipality's case is that these leave rules were originally sanctioned o 13th May 1905 and since then they were amended substantially from tim to time in the interest of the employees and to the advantage of the sub-sta and conservancy mazdoors. Such leave facilities are, more or less, identicall the same as are prevailing elsewhere including the Corporation of Calcutt and the State Government, and since the issue was decided only the othe day by Shri M. C. Banerjee in his last award, this issue should be rejecte The Union's grievances are mainly against the rules 58, 65, 78 and 78(*a* It has been contended on behalf of the Teachers' Union that the Head Maste should be authorised to grant leave to his staff. On behalf of the conservanc mazdoors it has been contended that there should be a day off and that th other leave facilities should be granted to them. They have been enumerate in details in the different written statements. The objections regardin casual leave are (*i*) that in breach of Note 1, rule 58, the Administrato reduced the number of casual leave to seven days at a time in 1957, (*ii*) tha it cannot be tacked with any other leave and holidays. Casual leave i ordinarily granted to cover short period of absence in unforeseen circum stances. Accordingly, under normal circumstances there should not be an necessity for more than seven days' casual leave at a time. The alteration in the rule was not made against the spirit of it. Further, casual leave i nowhere permitted to be tacked with any other kind of leave or holidays No change in the existing rule No. 65 has been suggested. Neither an substantial change appears necessary. Rules Nos. 75, 76, 77 and 78, particularly rule No. 78, have been sought to be amended. It has been suggested that "without interruption for 11 calendar months" should b deleted completely from rule 78. The reason advanced is that the operation of this rule in actual fact creates hardship in genuine cases. There is hardly any justification for the restriction which has been sought to be introduced by the words "without interruption for 11 calendar months." As a matter of fact, a Government servant under rule 166, West Bengal

Service Rules, Part I, may at any time be granted the whole or any part of the earned leave due to him. An interruption of duty has been enumerated in rule 76, and accordingly, the words "without interruption" in rule 78 cannot be dropped without substantially altering the structure of the rules itself and interfering with the spirit of the preceding rules 76 and 77. But there is hardly any necessity for restricting the operation of the rule at an interval of about a year, i.e., 11 calendar months. At least no such necessity has been clearly established before this Tribunal in this case. It is, therefore, directed that the leave rule 78 be amended by deleting the words "11 calendar months" from it.

Rules for study leave have been specially provided for in rule 95(*a*). Practically speaking, this rule is subject to the rules in Appendix I of the Bengal Service Rules, Part I. Accordingly, it is idle to contend that study leave rules should be provided for and be more liberalised for the benefit of the Free Primary School Teachers. Under rule 58, leave of absence from duty may be granted by the authority by whom the employees are appointed. The Head Master of a Free Primary School does not come under rule 58 and there cannot be any objection to the continuance of the present practice regarding the granting of leave. As to the demands made on behalf of the conservancy mazdoors including one day off in a week, they were substantially considered in the last award. These matters are also likely to come up for consideration before the Minimum Wages Committee for revising the rates of minimum wages under the Minimum Wages Act. Any decision of the Committee in this matter would, no doubt, be binding on the parties in respect of this issue in this award. This issue is answered accordingly.

This is my award.

STATEMENT OF OBJECTS AND REASONS.

The developmental schemes relating to *Khadi* and Village Industries are supervised in West Bengal by a *Khadi* and Village Industries Board, which functions merely in an advisory capacity and is not a Statutory Board. The intention of the Government of India is to set up Statutory *Khadi* and Village Industries Boards both at the Centre as also in the various States. With this object the Union Government have enacted the *Khadi* and Village Industries Commission Act, 1956, under which the *Khadi* and Village Industries Commission has been set up at the Centre. In accordance with the policy of the Government of India as also of the *Khadi* and Village Industries Commission to set up Statutory *Khadi* and Village Industries Boards in all the States of the Union, some of the States have already passed necessary legislation and set up their Statutory Boards. It is now necessary for the West Bengal Government to enact requisite legislation so that a Statutory *Khadi* and Village Industries Board may be set up in West Bengal.

The Bill has been framed with this object in view.

GOVERNMENT OF WEST BENGAL

WEST BENGAL LEGISLATIVE ASSEMBLY SECRETARIAT

NOTIFICATION

No. 1656L.A.—5th July, 1958.—In pursuance of the provisions of rule 52 of the West Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the West Bengal Legislative Assembly on the 4th July, 1958, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE WEST BENGAL PROHIBITION OF THE EVICTION OF THE WORKERS' FAMILY (TEA ESTATES) BILL, 1958.

A

BILL

to prohibit the eviction of a worker's family or members thereof from a tea estate on the dismissal of the head of the family.

WHEREAS it is expedient to prohibit the eviction of a worker's family or members thereof from a tea estate on the ground that the head of the family has been dismissed from service;

It is hereby enacted in the Ninth Year of the Republic of India by the Legislature of West Bengal, as follows:—

1. (*1*) This Act may be called the West Bengal Prohibition of the Eviction of the Workers' Family (Tea Estates) Act, 1958.

(*2*) It shall apply to all tea estates situated in West Bengal and as defined under this Act.

(*3*) It shall come into force immediately.

2. *Definition.*—In this Act unless the context otherwise requires—

(*a*) "Tea Estate" means any land used or intended to be used for growing tea, which measures twenty-five acres or more and whereon thirty or more persons are employed or were employed on any day of the preceding twelve months,

(*b*) "Employer" means the person who has the ultimate control over the affairs of the tea estate and where the affairs of any tea estate are entrusted to any other person (whether called a managing agent, manager, superintendent or by any other name), such other person shall be deemed to be the employer in relation to the tea estate,

(*c*) "Worker" means a person employed in a tea estate for hire or reward, whether directly or through any agency, to do any work, skilled, unskilled, manual or clerical but does not include—

(*i*) any person whose monthly wages exceed three hundred rupees,

(*ii*) a person employed primarily in a managerial capacity,

(*d*) "Family" includes the wife or husband, as the case may be, and also a son, daughter-in-law, unmarried daughter, widowed sister, widowed mother, aged father, minor brother.

3. *Prohibition of eviction.*—So long as any member of a worker's family continues to be employed in a tea estate, no member of such a worker's family shall be evicted by the employer from the house provided by the employer for the use of the family or from the precincts of the tea estate on the ground that the head of such a family has been dismissed or discharged from service by the employer.

4. *Punishment.*—Any employer who contravenes the provisions of this Act shall be punishable with imprisonment for a term which may extend to three months or with fine which may extend to one thousand rupees or both.

5. *Rule-making power.*—The Government may, subject to the condition of previous publication, make rules for the purpose of giving effect to the provisions of this Act.

STATEMENT OF OBJECTS AND REASONS

The practice followed by the employers in the tea gardens of evicting the entire worker's family on the dismissal of the head of the family and claimed by them as a matter of right accruing from usage was declared to be illegal and *ultra vires* by the Labour Appellate Tribunal some years ago. Since then the Government of India as well as the State Government have declared the said practice to be illegal and the State Government has intimated its opinion to the employers. In spite of that even now the said practice is being followed by the employers in certain cases. Hence it is necessary to enact a law expressly prohibiting the said practice and providing for penalties in cases of contravention of the provisions of the law. The Bill has been dratted with the above object in view.

West Ben. Act XXXIII of 1951.

Ben. Act XV of 1932.

West Ben. Act XVIII of 1955.

STATEMENT OF OBJECTS AND REASONS.

It is estimated that about 40,000 milch animals are kept in Calcutta and suburbs in most unsatisfactory and unhygienic conditions, often in ill-constructed cattle sheds popularly known as khatals. Maintained in insanitary conditions, where flies and germs of different diseases breed freely, the khatals create serious problems of public health.

Because of dearth of space in the city of Calcutta, the khatals are often located in highly congested areas. There are no arrangements for gutter-drains or other sanitary measures in such khatals with the result that stench from these khatals causes great inconvenience to the people of the area and such khatals are often the breeding grounds for various diseases like small-pox and cholera that rage in epidemic form in Calcutta. The milk of animals kept and milked under such unhygienic conditions is contaminated or is likely to get contaminated with the result that they would have serious effect on the public health of Calcutta. They, therefore, present a serious public health problem in the city.

All these considerations clearly indicate the necessity of regulating the keeping of cattle in khatals under hygienic and sanitary conditions.

The existing legal measures have not, however, been found adequate for this purpose. The Calcutta Municipal Act or the Bengal Municipal Act provides for licensing of commercial khatals, but there is no control over milch animals maintained in unhygienic conditions for domestic milk supply. Many of such khatals are not also licensed at all. As a result, whenever milch animals are seized by Corporation from unlicensed premises, they are certified, often by influential public men, as animals maintained for domestic milk supply. It is, therefore, no wonder that Calcutta Corporation's drive for removing milch animals from unlicensed premises has not been successful.

Government of West Bengal have, therefore, decided to assume power by legislation to regulate the keeping of cattle in urban areas for—

(*i*) better regulation of the conditions under which milch cows and buffaloes should be kept in Calcutta as defined in the Calcutta Municipal Act, 1951, or within any municipality as defined in the Bengal Municipal Act, 1932 or within Chandernagore as defined in the Chandernagore Municipal Act, 1955, or any part or parts of such area, and

(*ii*) prohibiting the keeping of milch animals without license in Calcutta and its suburbs and also in other urban areas.

The Bill has been framed with this object in view.

NOTIFICATION

No. 1637L.—12th July, 1958.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL CLOSING OF CANALS BILL, 1958.

A
BILL

to provide for the closing and filling up of the Circular Canal and the New Cut Canal.

WHEREAS it is expedient in the public interest to close and fill up the Circular Canal and the New Cut Canal for the promotion of public health in the city of Calcutta and in the neighbouring areas;

It is hereby enacted in the Ninth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the West Bengal Closing of Canals Act, 1958.

(*2*) It shall come into force on such date as the State Government may, by notification in the *Official Gazette*, appoint.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "canal" means the Circular Canal or the New Cut Canal;

(*b*) "Circular Canal" means the still-water locked canal commencing from its junction with the river Hooghly across the Chitpur Lock in the eastern water-line of the Hooghly and terminating at its junction with the New Cut Canal near Dhapa together with the whole of the canal more or less 1,328 feet in length, commonly known as the 'Orange Soorah', and includes all lands on the banks of the canal which have been acquired by the State Government for the purposes of the canal; and

The West Bengal Closing of Canals Bill, 1958.

(Clauses 3-5.)

(c) "New Cut Canal" means the line of navigation which takes off from the Circular Canal at Ultadanga and terminates at its outfall into the Central Lake Channel near the Dhapa Lock, and includes all lands on the banks of the canal which have been acquired by the State Government for the purposes of the canal.

Closing and filling up of canals and closing of canal side roads to traffic.

3. (*1*) Notwithstanding anything contained in any other law for the time being in force or in any contract, custom or usage having the force of law, it shall be lawful for the State Government, at any time after the expiry of one month from the date of commencement of this Act, by order published in the *Official Gazette*, from time to time, to direct that—

(*a*) any canal or part thereof be permanently closed and be filled up by such agency as the State Government may think fit to employ, and

(*b*) the roads by the side of such canal or part, which are the property of the State Government, be closed to traffic either permanently or temporarily.

(*2*) When, in pursuance of the provisions of sub-section (*1*), any canal or part thereof is closed and filled up or any canal side road is closed to traffic, the State Government may deal with the space covered by such filled up canal or part thereof or by such road, in such manner as it may consider fit.

No compensation for damage.

4. No suit or other legal proceeding shall lie against the State Government in respect of any injury or damage caused by, or resulting from stoppage of navigation in the canals or of use of the canal side roads, or any act done under this Act.

Indemnity.

5. No suit, prosecution or other legal proceeding shall lie against the State Government or any officer of the State Government or other person in respect of any act which is in good faith done or intended to be done under this Act.

STATEMENT OF OBJECTS AND REASONS.

The Circular Canal and the New Cut Canal were excavated mainly for the purpose of maintaining communication between Calcutta and East Bengal. They have lost much of their importance as a line of inland navigation for boat traffic after the partition of Bengal. As there has been a heavy decline in the toll revenue since then, maintenance of the canals and the Circular Canal bridges which are being conserved for the transport of canal-borne traffic is now a heavy burden on the State Revenues. Moreover, the Circular Canal which is locked at the Hooghly and Dhapa ends, has created unhygienic conditions in the neighbourhood due to the difficulty in flushing it regularly with the Hooghly water.

The present Bill has, therefore, been drawn up to make provision for closing and filling up any part of the said canals permanently and for closing to traffic the canal side roads or part thereof permanently or temporarily, as may be necessary and for certain other matters ancillary thereto and connected therewith.

Calcutta,

NOTIFICATION

No. 1667L.—16th July, 1958.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE CHANDERNAGORE (ASSIMILATION OF LAWS) (AMENDMENT) BILL, 1958.

A BILL

to amend the Chandernagore (Assimilation of Laws) Act, 1955.

WHEREAS it is expedient to amend the Chandernagore (Assimilation of Laws) Act, 1955, for the purpose and in the manner hereinafter appearing; West Ben Act IV of 1955

It is hereby enacted in the Ninth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the Chandernagore (Assimilation of Laws) (Amendment) Act, 1958.

Insertion of new section in West Ben. Act IV of 1955.

2. After section 7 of the Chandernagore (Assimilation of Laws) Act, 1955, the following section shall be inserted, namely:—

"Removal of doubts regarding the extension of certain Acts to Chandernagore.

8. Notwithstanding anything to the contrary, in any judgment or decision of any court, tribunal or authority, the following Acts, that is to say,—

The West Bengal Land Development and Planning Act, 1948, West Ben Act XXI of 1948

The West Bengal Non-Agricultural Tenancy Act, 1949 and West Ben Act XX of 1949

The West Bengal Estates Acquisition Act, 1953 West Ben Act I of 1954

shall extend to and be deemed always to have extended to Chandernagore with effect from the appointed day.".

STATEMENT OF OBJECTS AND REASONS.

Under section 3 of the Chandernagore (Assimilation of Laws) Act, 1955 all State laws which extend to or are in force in West Bengal generally would extend to Chandernagore. According to a recent decision of the Calcutta High Court, the word "generally" admits of no exception and consequently only those State laws which were in force in the whole of West Bengal would extend to Chandernagore.

The West Bengal Non-Agricultural Tenancy Act, 1949 does not apply to the municipal areas of Calcutta and Howrah. The West Bengal Land Development and Planning Act, 1948 and the West Bengal Estates Acquisition Act, 1953 do not apply to the municipal area of Calcutta. These Acts do not apply to the whole of West Bengal and do not therefore extend to Chandernagore. As it is necessary to extend these Acts to Chandernagore suitable provisions have to be made by amending the Chandernagore (Assimilation of Laws) Act, 1955.

The Bill has been drawn up accordingly.

I. D. JALAN,
Member-in-charge.

The 28th May 1958

PRESENT:

THE HON'BLE PARESH NATH MOOKERJEE AND THE HON'BLE PANCHKARI SARKAR—*Two of the Judges of this Court.*

Appeal from Original Decree No. 143 of 1957 (Election Appeal).

Appeal against the decree of Shri Bijoyesh Mukherjee, Additional District Judge of zillah 24-Parganas, constituting the Sessions Election Tribunal, at Alipore, in Election Petition No. 278 of 1957, dated the 3rd of August, 1957.

KAMAL BASU, *Appellant (Petitioner)*,

versus

PURNENDU SEKHAR NASKAR, ONE OF THE RESPONDENTS WHO APPEARED AND OTHERS—*Respondents.*

For Appellant:

Mr. S. K. Acharyya, Counsel, Mr. Hemanta Krishna Mitra, Mr. Bhabani Sankar Bagchi, Mr. Kamalesh Banerjee and Mr. Manash Nath Roy.

For Respondents:

Mr. Sudhir Kumar Acharyya and Miss Aparna Bhattacharjee.

P. N. Mookerjee, J:- This is an election appeal at the instance of an unsuccessful candidate whose attempt to get the election of one of the successful candidates declared void and set aside and to get himself elected in his place failed before the Election Tribunal. In this Court, too, the appellant can have no better luck and his appeal must fail, particularly in view of the recent decision of the Supreme Court in the case of K. Kamaraja Nadar *versus* Kunja Thevar and others (unreported). That decision stares the appellant in the face and its authority concludes his present appeal.

With his characteristic fairness Mr. Acharyya, Counsel for the appellant, conceded the above position before us, but he prayed for a Certificate to enable him to take up the matter to the Supreme Court and to take his chance there to reopen the matter and persuade their Lordships to grant relief to his client on certain considerations which, according to him, were not noticed in the earlier authority. Even that prayer, however, is not entertainable by this Bench and it is bound to fail on that ground.

The disputed election concerns the double-member Diamond Harbour Parliamentary Constituency. One seat was reserved for the Scheduled Castes and the other was a general seat. At the last General Elections held in March 1957, the appellant was a candidate from the said constituency for the House of People. So were the respondents. There was another candidate, Sushil Kumar Sardar, whose name appeared in the list of contesting candidates prepared on February 4, 1957, and duly published under section 38 of the Representation of the People Act, 1951, but who retired from contest on the 13th following by giving appropriate notice under section 55A(2) of the Act. Of the said five candidates, respondents Nos. 1 and 2 and Sushil Kumar Sardar belonged to the Scheduled Caste. Respondents Nos. 1 and 2 were eventually declared elected to the general and the reserved seat, respectively, with 245,266 votes and 247,785 votes as against the appellant's 244,763 votes and respondent No. 3's 236,192 votes, the other candidate Sushil Kumar Sardar having retired from the contest before the poll, as stated above.

Under the Act and in pursuance thereof (vide section 30), January 29, 1957, was the last date fixed for nomination and February 1, 1957, was the last date of scrutiny and the 4th of February, 1957, was the last date of withdrawal. On the 4th, after the time for withdrawal had expired, the list of contesting candidates was prepared and duly published under section 38 of the Act, containing, inter alia, against serial No. 3, the name of Sushil Kumar Sardar, who retired thereafter from the contest, namely, on the 13th. The polling started on March 4, 1957, and it continued on the 7th, 10th and 14th. The votes were counted on the 24th, 25th and 26th, when the results were announced, declaring respondents Nos. 1 and 2 duly elected as aforesaid.

On or about April 25, 1957, the appellant filed his present petition praying, inter alia, that the election of respondent No. 1 be set aside and declared void and he, the appellant, be declared to have been duly elected, and alternatively, that the election of respondent No. 1 be declared void and recount be ordered and he (the appellant) be declared elected. The petition was made on various grounds which it is not necessary to state for purposes of this appeal. In the petition Sushil Kumar Sardar was not impleaded and the Election Commission which received the petition by registered post on April 25, 1958, made a note of this fact and left it to be determined by the Election Tribunal as to the effect of that non-joinder. Shri Bijoyesh Mukherjee, Additional District Judge, Alipore, was appointed the one-man Tribunal to try the appellant's petition which was sent to him on June 24, 1957, for trial. On July 13, 1957, respondent No. 1 appeared before the Tribunal and, on the 19th following, a preliminary issue was raised in the following terms:

> "Is the instant election petition liable to be dismissed by this Tribunal under sub-section (3) of section 90 of the Representation of the People Act, 1951, on the ground that it does not comply with the provisions of section 82 of the Act?"

This issue was obviously grounded on the fact of non-joinder of Sushil Kumar Sardar. The parties were heard by the Tribunal on the preliminary issue on July 27, 1957, and by its order, dated August 3, 1957, that issue was decided against the appellant and his petition was dismissed *in limine* as a consequence. The appellant then presented this appeal to this Court on August 23, 1957, and, after due filing of the paper books, it was listed as "To be mentioned" on December 20, 1957, when its hearing was adjourned *sine die* (with liberty to mention) on the prayers of the learned Advocates of both sides because of the pendency of a similar matter in the Supreme Court, in which eventually the above decision (K. Kamaraja Nadar *versus* Kunja Thevor and others) was given on April 22, 1958. This appeal was then heard on May 23, 1958, and it was kept part-heard to enable the appellant's learned Counsel to cite some authority in support of his prayer for a Certificate from this Bench that this case was a fit one for appeal to the Supreme Court either under Article 132 or Article 133(1)(c) of the Constitution and, thereafter, on Counsel's prayer, judgment was deferred till today.

The point involved in this appeal is, indeed, a short one and it arises in this way. Under section 82(a) of the Representation of the People Act, 1951, an unsuccessful candidate, seeking to set aside the election of a successful candidate, with a further prayer that he, the petitioner, be declared elected, has to implead, amongst others, all the contesting candidates other than himself. The question is, who is a contesting candidate within the meaning of the section, or, to put it more directly, whether a person, whose name appeared in the list, prepared and published under section 38, as a contesting candidate but who duly retired thereafter under section 55A(2), would be a contesting candidate for purposes of section 82(a). In the case cited, the Supreme Court has answered the question in the affirmative but learned Counsel argued that it was not clear from the judgment that one particular aspect of the matter, which arises in this case, and to which we shall presently refer in some detail, was present before their Lordships and whether the decision was given in spite thereof. That is how he sought to distinguish the Supreme Court decision, but, as we pointed out to him in

course of argument, the distinction would not be very material. The substance of the Supreme Court's decision is that "contesting candidate" in section 82(a) has the same meaning as in section 38 (which latter section, according to the Supreme Court, gives "the meaning of that term as used in the Act") and that section 55A(5) furnishes the answer to the question posed, namely, as to the said meaning, and that that answer is confirmed by section 82(a) itself. To explain ourselves, we need refer only to one or two extracts from the Supreme Court decision which may be set out hereunder as follows:—

> ".....Provision is.....made in section 55A(5) that any person who has given a notice of retirement under section 55A(2) is deemed not to be a contesting candidate for the purposes of section 52. This is a deeming provision and creates a legal fiction. The effect of such a legal fiction, however, is that a position which otherwise would not obtain is deemed to obtain under those circumstances. Unless a contesting candidate (under section 38 of the Act) who had thus retired from the contest continued to be a contesting candidate for the purposes of election .....
> .....it would not have been found necessary to enact section 55A(5).....This provision, therefore, warrants the conclusion that a contesting candidate whose name was included in the list under section 38 but who retires from the contest under section 55A(2) continued to be a contesting candidate for the purposes of the Act, though by reason of such retirement it would be unnecessary for the constituency to cast its votes in his favour at the poll. Such a candidate for the purposes of the Act, notwithstanding his retirement from the contest under section 55A(2).....
> An election petition calling in question any election can be presented by any candidate at such election or any elector on one or more of the ground specified in sections 100(1) and 101 to the Election Commission and a petitioner in addition to calling in question the election of the returned candidate or candidates may further claim a declaration that he himself or any other candidate has been duly elected. Where the petitioner claims such further declaration, he must join as respondents to his petition all the contesting candidates other than the petitioner and also any other candidate against whom allegations of any corrupt practices are made in the petition. The words 'other than the petitioner' are meant to exclude the petitioner when he happens to be one of the contesting candidates who has been defeated at the polls and would not apply where the petition is filed for instance by an elector. An elector filing such a petition would have to join all the contesting candidates whose names were included in the list of contesting candidates prepared and published by the returning officer in the manner prescribed under section 38, that is to say, candidates who were included in the list of validly nominated candidates and who had not withdrawn their candidatures within the period prescribed. Such contesting candidates will have to be joined as respondents to such petition irrespective of the fact that one or more of them had retired from the contest under section 55A(2).....
> ....."

Clearly then, the Supreme Court has held that the contesting candidates, as mentioned in the list prepared and published under section 38, would continue to be so for purposes of section 82(a), and that retirement under section 55A(2) would not affect the position, though, of course, on such retirement a candidate would cease to be a contesting candidate for purposes of section 52 by reason of the express provision of section 55A(5) in that behalf. This view follows by necessary implication from section 55A(5) and it avoids the anomaly which might otherwise have arisen in the matter of joinder of parties when the petition was filed by an elector and when it was filed by an unsuccessful or defeated candidate, there being no apparent or justifiable reason for any distinction in the matter between the two cases.

While on the above, it is pertinent to note one other observation of the Supreme Court in the case cited. That observation runs as follows:

> "If a candidate retires from the contest (under section 55A), he decides not to go to the poll and provision is made in the rules for the correction of the list of contesting candidates so that no elector shall in the absence of necessary information waste his vote upon him. A copy of such notice (notice of retirements) is to be affixed by the returning officer to his notice board and in the polling station and each of the remaining contesting candidates or his agent is to be supplied with such copy and the notice has also got to be published in the official gazette."

The Supreme Court was obviously referring here to Rules 16(2) and 20(1)(b) but, in spite of the said provisions, they held that the term, "contesting candidate" had the same meaning in section 82(a) as in section 38. This was plainly because of the clear implication of section 55A(5) which appeared to be a settlor on the point. Whatever effect the above rules may have, and

the Supreme Court has indicated their purpose in the passage, quoted, they cannot affect that implication and cannot alter the meaning of the term "contesting candidate," arising from such implication. The overriding nature of that implication is inherent in the statutory language itself and the Supreme Court has recognised it and, if we may say so with respect, given it its due effect.

It is true, as urged by the learned Counsel, that in the copy list (Form No. 7A), sent to the appellant under rule 11 on February 20, 1957, a strip of blank paper was pasted over the entry containing the name of the retired candidate Sushil Kumar Sardar but his serial number (No. 3) was left untouched and it was retained, showing the number of candidate as before, that is, as in the original list prepared and published under section 38. This was done obviously under executive instructions [vide Handbook for Returning Officers, 1957, published by the Election Commission, Chapter IV, page 23, paragraph 35(d)]. But that, in our view, is no ground for putting a different interpretation on the term "contesting candidate" in section 82(a). The term has been interpreted by the Supreme Court,—and if we may add with respect, in perfect accord with the scheme and purpose and the provisions of the Act, as bearing the same meaning as in section 38, and no executive instruction or anything done under it or by the executive authority as in charge of the election can have any bearing on it so as to effect or alter that interpretation. The overriding implication of section 55A(5), to which reference has been made above and on which the Supreme Court specifically relied, would not countenance any other interpretation and the executive instruction must bow down to it and must reconcile itself with that interpretation. At the most, the appellant might complain that he was misled by the executive action and, if law provides for any relief in these election cases under such circumstances, he may be entitled to that relief. We do not, however, find anything in the present Election Law to entitle the Court or the Tribunal to help the appellant in this matter and that is very fairly and frankly conceded by the learned Counsel Mr. Acharyya. The executive instructions again are of the Election Commission, conducting the elections throughout the entire Dominion and they apply and are meant to apply to all such elections, and so, having regard to the well-known presumption of law [vide section 114, illustration (e) of the Indian Evidence Act, which Act applies to proceedings before the Tribunal by virtue of section 90(2) of the Representation of the People Act, 1951], that in the absence of evidence to the contrary, official Acts must be deemed to have been regularly performed, it is fair to presume that this feature was also present in the case before the Supreme Court, and the fact that no notice was taken of it and no reference was made to it by their Lordships possibly due to this that it was not considered to be a relevant matter for deciding the question of the effect of non-joinder of parties under section 82(a). We do not think, therefore, that the Supreme Court case cited above, can be validly distinguished from the present case and if that decision applies, this appeal must fail *ex concessis*. The appeal, therefore, is dismissed, though, in the circumstances, we would make no order for costs in this Court.

In view of the order passed in the appeal, no order is necessary on the alternative application

We would now say a few words on Counsel Mr. Acharyya's prayer for a Certificate. Had it been a case under Article 132 we would possibly have been entitled to entertain the said prayer and consider it on the merits. Admittedly, however, that Article cannot apply as there is no question here of interpretation of the Constitution and so Mr. Acharyya did not eventually press his prayer under that Article. He, however, asked for a Certificate,—we would not say "leave to appeal" in view of a recent pronouncement of the Supreme Court,—under Article 133(1)(c) of the Constitution. But that prayer, according to the Rules and practice of this Court, should be made before the Bench, taking up Supreme Court matters, and we have no power to entertain it. We would, accordingly, refuse the learned Counsel's prayer simply on that ground and refer him to that Bench or to any other Bench which he may consider appropriate for the purpose to renew his prayer for a Certificate in accordance with law and we would say nothing more on that subject.

Let a copy of this judgment be sent to the Election Commission, New Delhi, as early as possible.

Sarkar, J: I agree.

NOTIFICATION

No. 1740L.—29th July, 1958.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE COURT-FEES (WEST BENGAL AMENDMENT) BILL, 1958.

A BILL

to amend the Court-fees Act, 1870 in its application to West Bengal.

WHEREAS it is expedient to amend the Court-fees Act, 1870 in its application to West Bengal for the purposes and in the manner hereinafter appearing; VII of 1870.

It is hereby enacted in the Ninth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Court-fees (West Bengal Amendment) Act, 1958.

(*2*) It extends to the whole of West Bengal.

(*3*) It shall come into force on such date as the State Government may, by notification in the *Official Gazette*, appoint.

Application of the Act.

2. The Court-fees Act, 1870 (herinafter referred to as the said Act), shall, in its application to West Bengal, be amended in the manner hereinafter provided.

Insertion of new section 6A in Act VII of 1870.

3. After section 6 of the said Act, the following section shall be inserted, namely:—

"Document inadmissible unless fees collected by stamp purchased in West Bengal.

6A. Notwithstanding anything contained in this Act or in any other law for the time being in force, no document of any of the kinds specified as chargeable under this Chapter shall be filed, exhibited or recorded in any Court of Justice, or shall be received, furnished or acted upon by any such court or by any public officer, unless, in respect of such document, the stamp referred to in section 25 has been purchased from a person authorised or appointed to sell stamps in West Bengal.".

The Court-fees (West Bengal Amendment) Bill, 1958.

(*Clauses 4—6.*)

Insertion of new section 12A.

4. After section 12 of the said Act, the following section shall be inserted, namely:—

"Recovery of deficit court fee in certain cases.

"12A. (*1*) The High Court shall, when dealing with an application for leave to appeal to the Supreme Court, make an order for the payment of any deficit court-fee with such interest not exceeding six *per centum per annum* as the High Court may direct, in all cases where the High Court finds that the subject-matter of the suit or appeal had been under-valued either in the court of first instance or in the court of appeal or in both, irrespective of whether the certificate of fitness for appeal to the Supreme Court is or is not granted.

(*2*) The fee together with interest thereon found to be payable under sub-section (*1*) shall be paid by the party ordered to do so and if such party fails to pay the amount required before the date fixed by the High Court, it shall be recoverable from him as a public demand.".

Amendment of section 34.

5. In sub-section (*1*) of section 34 of the said Act, for the words "the sale of stamps", the words "the sale of, and the particulars to be entered at the time of sale on, stamps" shall be substituted.

Amendment of Schedule II.

6. After article 20 of the Second Schedule to the said Act, the following articles shall be inserted, namely:—

"20A.	Every petition for restitution of conjugal rights, judicial separation, divorce or divorce by mutual consent under the Special Marriage Act, 1954, and every memorandum of appeal under section 39 of the same Act.	..	Twenty rupees. XLIII of 1954.
20B.	Every petition for restitution of conjugal rights, judicial separation or divorce under the Hindu Marriage Act, 1955, and every memorandum of appeal under section 28 of the same Act.	..	Twenty rupees. XXV of 1955.".

STATEMENT OF OBJECTS AND REASONS.

The Court-fees Act, 1870, contains no provisions barring the Courts in West Bengal from accepting a document even if it is stamped with Court-fees purchased outside the State. This may result in loss of revenue to this State. It is necessary to amend the Court-fees Act, 1870, suitably to prevent this loss to the State. Again, there is no provision in the said Act authorising the High Court, while dealing with an application for leave to appeal to the Supreme Court under Article 133 (*1*)(*a*) of the Constitution, to make an order for the recovery of deficit Court-fees in any case where the High Court finds that the subject-matter of the suit or appeal was undervalued in the lower Courts, and consequently, an insufficient amount of Court-fees was paid. This also causes loss of revenue to the State. It is necessary to amend the Act authorising the High Court to order the payment of deficit Court-fees in suitable cases.

Neither the Special Marriage Act, 1954, nor the Hindu Marriage Act, 1955, has any provision prescribing the fee payable on a petition for restitution of conjugal rights, judicial separation, or divorce, or on a memorandum of appeal filed under either of the Acts. It is desirable that a fixed fee should be prescribed by amending Schedule II of the Court-fees Act, 1870.

The Bill has been drawn up for the purposes indicated above.

Member-in-charge.

NOTIFICATION

Dated New Delhi-2, August 16, 1958|Sravana 25, 1880 (Saka).

Contai, district Midnapore, against the order, dated the 4th November 1957, of the Election Tribunal, Midnapore, in Election Petition No. 447 of 1957.

The 24th February 1958

PRESENT:

THE HON'BLE PARESH NATH MOOKERJEE

AND

THE HON'BLE PANCHKARI SARKAR—Two of the Judges of this Court

Appeal from Original Decree No. 235 of 1957 (Election Appeal)

Appeal against the decree of Shri S. M. Banerjee, District Judge, of zil Midnapore, as the Election Tribunal constituted under the Representat of the People Act, 1951, in Election Petition Case No. 447 of 1957, da the 4th of November 1957.

SUDHANSU SEKHAR PANDA—*Petitioner Appellant,*

versus

NATENDRA NATH DAS and ANOTHER—*Respondents.*

For Appellant: Mr. D. N. Das and
Mr. Nirmal Kumar Ganguly (Sr.).

For Respondents: Mr. S. K. Das and
Mr. B. K. Panda for respondent No. 1.
Mr. N. C. Chakravartty for respondent No. 2.

P. N. Mookerjee, J.—The appellant before us was the unsuccessful cand date at the last General Election from the Contai North Legislative Assembl Constituency, Midnapore, West Bengal. The election was held on March 7, 1957 and in it respondent No. 1, who was the rival candidate, was declared elected, h having secured 20,586 votes as against the appellant's 20,523. Responden No. 2 was the Returning Officer.

In or about the beginning of May 1957 the appellant applied for setting aside the election of respondent No. 1 and for a further declaration that he (the appellant) had been duly elected. The application was duly sent by registered post to the Election Commission, New Delhi, which received it on May 3, 1957. It was registered as Election Petition No. 447 of 1957. By an order, dated July 2, 1957, the Chief Election Commissioner fixed the trial of the petition at Midnapore before Shri Surendra Mohan Banerjee (Shri S. M. Banerjee), District Judge, Midnapore, who was constituted the one-man Tribunal for the purpose. The 20th July 1957 was fixed as the date for the first appearance of the parties before the Tribunal and appropriate notices were issued to

em accordingly. The petition was forwarded to the Tribunal on July 10, 57, and there the parties appeared and the respondents duly filed their written tements.

The petition has been dismissed by the Tribunal on the preliminary ground non-compliance with the provisions of section 117 of the Representation the People Act, 1951 (Central Act No. XLIII of 1951). The propriety this decision is questioned in this appeal.

The matter arose upon Order No. 2 of the Chief Election Commissioner, ted May 14, 1957, wherein he observed, inter alia, as follows:

> "The Treasury Chalan, enclosed with the petition, is defective inasmuch as it does not specifically mention that the amount has been deposited in favour of the Secretary, Election Commission. This may make it difficult for the costs, if any, ordered against the petitioner to be realised out of the deposits."

d also upon the specific objection, taken by respondent No. 2 in his written tement, to the effect that "as no requisite deposit has been made in favour the Secretary to the Election Commission, provision of section 117 has not en complied with and as such the petition is liable to be dismissed."

The relevant facts lie within a very narrow compass and they stand as stated reunder:

> The election petition, as we have said above, was filed about the beginning of May 1957, its verification being dated April 30, 1957. On that date, it appears the petitioner deposited with the Reserve Bank of India, Calcutta, sum of Rs.1,000 by a duly receipted chalan of that date which may be set out hereunder as follows:

The receipted chalan or the Government Treasury receipt, as it is designated by the statute (vide section 117), undoubtedly shows deposits of Rs.1,000 by the petitioner in connection with "an election petition for setting aside the election result of the Contai North Constituency, district Midnapore, in the Legislative Assembly Constituency in the State of West Bengal." The money also appears to have been credited under the Head of Account relating, inter alia, to "Deposits for Election Petitions." The point is whether section 117 of the Representation of the People Act, 1951, has been complied with, so as to sustain the appellant's election petition.

Section 117 is in the following terms:

> "Deposits of security—The petitioner shall enclose with the petition a Government Treasury receipt showing that a deposit of one thousand rupees has been made by him either in a Government Treasury or in the Reserve Bank of India in favour of the Secretary to the Election Commission as security for the costs of the petition."

It thus requires the petitioner to enclose with his petition "a Government Treasury receipt showing that a deposit of one thousand rupees has been made by him either in a Government Treasury or in the Reserve Bank of India in favour of the Secretary to the Election Commission as security for the costs of the petition."

Analysing the requirements under the section, it is clear that the Government Treasury receipt, or the Treasury receipt, as it is usually called, which is to accompany the election petition, must show a deposit by the petitioner of one thousand rupees—

(*i*) in a Government Treasury or in the Reserve Bank of India,

(*ii*) in favour of the Secretary to the Election Commission, and

(*iii*) as security for the costs of the petition.

Admittedly, in this case, Treasury receipt was enclosed with the petition. That receipt also shows deposit of one thousand rupees by the petitioner in the Reserve Bank of India. It does not, however, show that the deposit was made in favour of the Secretary to the Election Commission or as security for the costs of the petition. The question is, whether this defect (which is prima facie there) is fatal to the maintainability of the petition.

The Tribunal has answered the question in the affirmative and the point is whether its view is right.

The answer depends on section 90(3) of the Representation of the People Act, 1951, read with section 117. This latter section has been fully set out above. We need not discuss it at this stage. The other section, however, namely, section 90(3) which is in these terms,—

> "The Tribunal shall dismiss an election which does not comply with the provisions of section 81, section 82 or section 117 notwithstanding that it has not been dismissed by the Election Commission under section 85."

is plainly mandatory, particularly when it is remembered that, by the amendment of 1956 [vide section 51(d) of Central Act 27 of 1956] the word "shall" was introduced in the section in place of the word "may" which occurred in the

corresponding provision section 90(4) before the said amendment and it leaves no discretion to the Tribunal and, in case of non-compliance with, inter alia, section 117, the Tribunal is bound to dismiss the petition. It is, therefore, necessary to enquire whether there has been in the present case non-compliance with section 117 and such non-compliance as comes within the meaning and mischief of section 90(3).

We have pointed out above that the Government Treasury receipt, enclosed by the petitioner with his election petition to comply with section 117 of the Act, is prima facie defective in that it does not show deposit of the amount (one thousand rupees) in favour of the Secretary to the Election Commission or as security for the costs of the petition. That position cannot be controverted.

It is argued, however, on behalf of the petitioner (appellant) that the defect, as disclosed above, is merely one of form and not of substance and that, as such, it should be disregarded for purposes of section 90(3). The basis of this argument is that section 117, so far, at least, as the form or manner of deposit is concerned, is not mandatory but merely directory and substantial compliance with it in that respect ought to be sufficient (vide Punjab Co-operation Bank Limited, Amritsar *versus* Income Tax Commission, Lahore L.R. 67 I.A. 464 at page 476) and no strict compliance ought to be demanded and, in that view, the Treasury receipt in the present case should be regarded as of requisite compliance with section 117 for purposes of section 90(3).

In the view, which we are taking, it is unnecessary to express any opinion on the petitioner's above basic argument on the point and to decide whether the relevant part of section 117 is mandatory or directory as, in our opinion, there has been, in this case, not even substantial compliance with the statute (section 117), there being nothing in the receipt or in the materials, placed before us, from which it can be necessarily or even reasonably construed that the deposit is in favour of the Secretary to the Election Commission or as security for the costs of the petition. In the absence of any material, showing that the deposit money would be available to the Secretary to the Election Commission as or by way of security for costs of the petition, it would not be proper to hold that the statute has even been substantially complied with. Nothing, indeed, could be placed before us to enable us to hold or to warrant a finding that, under the above deposit, as it stands, the money would be payable to the Secretary to the Election Commission or that the Reserve Bank would pay it to him or that the said officer, even if he be paid the money, would hold it or would be bound to hold it as security for the costs of the petition. At least, the position is one of uncertainty which makes it difficult for the Court to find substantial compliance with the statute. Even the theory of substantial compliance would not, therefore, help the appellant in the present case and so his appeal cannot succeed.

In the above view, we do not deem it necessary to examine the implications of the observations of the Supreme Court in Jagannath *versus* Jaswant Singh and Others, A.I.R. 1954 S.C.210 at pages 212 and 214 or to discuss the decisions of the Supreme Court of Canada in (1891) 20 Canada Supreme Court Reports 26 [Queen's County and Prince County (P.E.I.) Election Cases] or of the English House of Lords in Katherine Yale *versus* The King (1721) E.R.910 or the very recent decision of Sinha, J. in Civil Revision Case No. 2294 of 1957 (Biren Roy *versus* Bijoyesh Mukherjee and Others) which all appear to be clearly distinguishable.

In the result, we dismiss this appeal with costs, hearing fee being assessed at three gold mohurs for each set of appearing respondents.

Let a copy of this judgment be forwarded to the Election Commission as early as possible.

Sarkar, J.—I agree.

Decision

On receipt of the record from the Sixth Industrial Tribunal summons in Form No. I was issued to the parties from this Tribunal. But both the summons came back unserved. The summonses were again issued and

these also came back unserved on the remarks "Left" and "Under lock and key." From the records it further appears that when the reference had been before the Sixth Tribunal summons on the Company could not be served and the Union had not taken proper steps in the matter. In the circumstances, I find that the reference has become infructuous.

It is awarded accordingly.

Dictated and corrected by me.

J. MAITRA,
Judge.

JITENDRA NATH MAITRA,

5. *Terms of Settlement.*—The task for ridging in section No. 6 shall be 17 laggies (Hazri) per day for male workmen and the Management shall pay such workmen who were asked to work in section 6 and who worked there their wages and dearness allowance retrospectively on the basis of the above task.

Four of the seven dismissed workmen shall be reinstated (names will be announced by the Management). Three other dismissed workmen (names will be given by the Management) shall be allotted some jobs in another establishment subject to the conditions that the justifiability or otherwise of their dismissals and as to whether they are entitled to reinstatement shall be referred to a person of judicial experience along with the following matters for arbitration:

A Cross-objection filed by Respondent No. 1 under Order XLI, rul 22, Cr.P.C., on 18th December 1957

For Appellant: Mr. S. K. Das,
Mr. Ajit Kumar Mukherjee, and
Mr. Satindra Mohan Mukherjee.

For Respondent/Opposite Party: Mr. G. P. Kar,
Mr. D. N. Das, and
Mr. Nirmal Kumar Ganguly (Sr.).

Heard on: February 10 and 11, 1958.

Judgment on: February 18, 1958.

P. N. Mookerjee, J.—This is an Election Appeal, seeking for the revers of an order, setting aside the election of the Falakata Legislative Assemb Constituency of Jalpaiguri, West Bengal. The applicant was the successf candidate at the polls. His election was challenged by the respondent No. 1 who petitioned inter alia for setting aside the said election on the groun amongst others, that the appellant was a disqualified candidate, he no having attained the minimum age of 25 years at the relevant date a required by Article 173(b) of the Constitution. Respondent No. 2 was th other unsuccessful candidate at the polls and Respondent No. 3 was th Returning Officer.

The constituency is a single-member constituency. Three candidate namely, the appellant and respondents Nos. 1 and 2, went to the poll Of them, the appellant secured 14,720 votes, respondent No. 1—14,1 votes and respondent No. 2—1,979 votes. The appellant was declared electe and thereafter his election was challenged by respondent No. 1 and, tha challenge having succeeded before the Tribunal, the appellant has preferre this appeal.

The petitioner (respondent No. 1) also prayed that, on declaration that the appellant's election was void, he (respondent No. 1) should be declared duly elected. This latter declaration has been refused by the Tribunal and, against that refusal, there is a cross-objection in this appeal on behalf of the said petition (respondent No. 1).

Five candidates appear to have filed nomination papers. Of one, the nomination paper appears to have been rejected at the scrutiny and, of the remaining four, whose nomination papers were accepted, one (Dr. Abani Guha Neogy) withdrew from the contest, leaving the appellant and the first two respondents in the field. The respondent No. 1 was the Congress candidate, the appellant belonged to the Proja Socialist Party and the third, namely, respondent No. 2, appears to have been set up by some other party organisation.

The 1st of February, 1957, appears to have been the last date for filing nomination papers and the nomination papers of all the above candidates appear also to have been filed in time. The scrutiny was held on the 6th February 1957. The voters went to polls on the 4th March 1957, which was the date, fixed for the election, and the results, declaring the appellant duly elected, was announced on the 14th. On the 10th April 1957, the petition for setting aside the elections was duly filed by the present respondent No. 1, it having been received by registered post by the Election Commission, New Delhi, on that date, and it was registered as Election Petition No. 19 of 1957. The one-man Tribunal Shri Dhirendra Nath Chakladar (Shri D. N. Chakladar), District Judge, Jalpaiguri and Darjeeling, was constituted by the Election Commission on May 31, 1957, and this was followed by the issue of an appropriate notification on the 4th of June 1957, which was published in the extraordinary issue of the *Calcutta Gazette*, dated the 6th June 1957, and the Election Petition was duly sent to it by the Commission on or about the same date and the Tribunal assumed charge on the 12th. Meanwhile, the Election Commission had also appointed Jalpaiguri as the place of trial and 21st June 1957 had been fixed as the date for the first appearance of the parties before the Tribunal and requisite notices in that behalf had been duly issued. The parties duly entered appearance and, on the 11th and 20th July 1957, the three respondents before the Tribunal, who are respectively the appellant and respondents Nos. 2 and 3 before us, filed their written statements.

Various grounds were taken in the Election Petition for the setting aside of the disputed election but at the hearing only one ground was pressed and with that alone we are here concerned. That ground was one of the appellant's non-age under the Constitution for purposes of his candidature in the election and, in it, the averment was that he was below the age of 25 years which was the requisite minimum age of qualification for Assembly Election candidature under the Constitution, vide Article 173(b). This allegation was denied by the appellant and his case was that he was much above 25 years even at the date of filing his nomination paper and even when the Electoral Roll was prepared and published. This was made more specific at the time of trial and, in evidence, the appellant's case was that he was born in 1336 B.S. or, to be more precise, in the month of Bhadra that year.

In support of his allegation that the appelant was below 25 years at all material times, the petitioner, who is respondent No. 1 before us, adduced some oral evidence and he also proved a number of documents (Exhibits 1 to 10) and the appellant, who was respondent No. 1 before the Tribunal, examined, in his turn, several witnesses and also proved a certificate

[Exhibit E (1)] from the District Inspector of Schools, Jalpaiguri, whos signature therein was marked as Exhibit D(1). He also exhibited th several Electoral Rolls, Exhibits A(1), B(1), and C(1).

On the above materials, the learned Tribunal accepted the petitioner contention and, having held that the appellant was below 25 years bot at the date of nomination and at the date of election, it set aside his ele tion but it refused the petitioner's other prayer, namely, that he (the pet tioner) should be declared to have been duly elected. The first part the above decision is the subject-matter of the present appeal, the secon of the petitioner respondent No. 1's cross-objection.

Of the witnesses, examined by the petitioner, none could give any dire evidence on the question of the appellant's age and, on the petitioner's sid the only material evidence on the said disputed question of age is to found in the Certificates and Registers and applications, etc. (Exhibi 1 to 10), proved on his behalf, to the extent that they are admissible law and dependable on the points, and in the admission of fact, made the appellant pursuant to notice. Of the documents, Exhibits 1 to Exhibits 4 to 6 are the two Transfer Certificates of the appellant from t Primary and Middle English Schools, Exhibits 5 to 7 are the entries the Admission Registers of the Middle English and High English School relating to the appellant and Ext. 2 that in the Admission Register of t Malda College. Exhibit 1 is the appellant's application for admission the Malda College and Exhibit 9 is his application for permissi to sit for the Matriculation Examination. Exhibit 3 is the extra from the University Register of candidates for the Matriculati Examination of 1949, relating to the appellant. Exhibit 10 is the extra from the Calcutta Gazette, showing publication of his result at the sa Examination, and Exhibit 8 is an entry in the School Register of the Dhu guri H. E. School, showing delivery of Matriculation Certificate to t appellant, Exhibit 8(a) being the appellant's signature therein (Exhibit acknowledging receipt of the said Matriculation Certificate. The admissi of fact is on the question of the appellant's age in his Matriculation Certifica and this was admitted to be 16 years 8 months in March 1949. That w corroborated by all the above exhibits (Exhibits 1 to 8 and Exhibits 9 an 10) where the appellant's age was entered with reference to particular date The above entries as to age were challenged by the appelant as incorrect b the admissibility of the above documents was not eventually seriousl questioned. It is unnecessary, however, to discuss these entries in any deta as the admitted age of the appellant in the Matricuation Certificate is su ported by the oral evidence, adduced on behalf of the appellant himself, an as the said evidence, so far as it seeks to contradict it, does not seem to reliable. The appellant's step-brother (Mohanta Roy) who was examine as witness No. 2 on his behalf, clearly stated in answer to the Tribunal th he (the appellant) "was aged 9 years" when he left the Primary Schoo That was admittedly in December 1941, at the earliest, and thus it suppor strongly the age, as recorded in his Matriculation Certificate, as per his ow admission, and directly contradicts the appellant's story that he was bo in 1336 B.S. According to the appellant, the entry as to his age in t Matriculation Certificate was based on the statement in his application f admission to the Matriculation Examination and that, in its turn, was take from the Admission Register (vide Exhibit 7) of the Dhupguri H. E. Schoo The age in this Admission Register (Exhibit 7) must have been entered fro the Transfer Certificate (Exhibit 6) of the Dhupguri M.E. School which woul at once refer us back to the Admission Register (Exhibit 5) of the said M.E School and thence to the Transfer Certificate (Exhibit 4) of the Primar

School and thus the ultimate source of the entry would be the Transfer Certificate (Exhibit 4) from the Primary School, which, according to him, did not record the age correctly. This alleged inaccuracy, however, far from being proved or confirmed, is really disproved and contradicted by circumstances, disclosed even in the evidence, tendered on the appellant's behalf. Thus, his witness No 2, Mohanta Roy, who is his elder step-brother, categorically states in his evidence that, before the appellant went to the Primary School, their father had told the appellant about his age which strongly supports the probability that the appellant's age, as recorded in the Primary School, was correct. The appellant, no doubt, stated in his evidence that his father had died before he entered the school but his above witness No. 2, Mohanta Roy, states otherwise and, according to Mohanta Roy's evidence, the father died after the appellant's admission in the Primary School. This is also supported by the corresponding entry in the said school record, vide Exhibit 4.

As against the above, we have to consider the evidence of the appellant's witnesses in support of his case that he was born in the year 1336 B.S. and the entry in the District Inspector of Schools' Ceritficate [Exhibit E(1)], which shows him even older than the Appellant's other exhibits on the point of his age, namely, the Electoral Rolls [Exhibits A(1), B(1), and C(1)], being, as we shall explain later, of little value on the said point.

Of the above witnesses, the appellant's mother, who was his witness No. 1, in view of her statements in cross-examination, cannot be accepted as a dependable witness on the question of the appellant's age, his elder step-brother Mohanta Roy, his witness No. 2, having made the positive or categorical statement that the appellant's age was 9 years when he left the Primary School, it is difficult to accept the other parts of his evidence, wherein he seeks to support the appellant's case as to age, as those would be clearly inconsistent with his above positive statement which remains wholly unexplained. The appellant's other witnesses Nos. 3 and 4 on the question of his age do not also seem to be very much dependable in view of their cross-examination. Thus, witness No. 3, Kanchan Roy, purports to remember the appellant's date of birth with reference to the birth of his first child, which, according to him, was noted in his note book. The note book, however, is not produced. It is stated to have been lost or stolen, which explanation does not seem to be very satisfactory. He does not also remember the birth of any of the appellant's brothers or of any other children of the appellant's family, although he states that, in most of those cases also, he was told about them by the appellant's father, Gopeswar. In the above context, it is difficult to accept his specific statement about the appellant's date of birth. Appellant's witness No. 4, Jamiruddin, also cannot give the year of the birth of any other child of Gopeswar. He cannot also name any person who was present when Gopeswar told him about the appellant's birth although, on his own statement, there were some people present at the time. He, no doubt, states that he remembers about the appellant's birth in 1336 B.S. because of an important event which happened shortly thereafter, namely, that Gopeswar went to jail in 1337 B.S. in connection with the Civil Disobedience Movement but, in view of the other parts of the evidence, which we have discussed above, it is difficult to accept that statement, particularly when it finds no mention or corroboration in the evidence, of any of the appellant's other witnesses. It is to be noted also that, according to this witness, Jamiruddin, the dates of birth of his children in 1312, 1314, 1317 and 1336 B.S. were noted by the village chowkidar. No such practice, however, has been referred to by any of the other witnesses. In the light of the foregoing discussion, we

are unable to place any reliance on the oral testimony, adduced by or on behalf of the appellant, on the question of his age and we agree with the Tribunal's view against him on this point.

Turning to the documentary evidence on the appellant's side on the question of his age, we may at once say that the Electoral Rolls, Exhibits A1, B1 and C1, are hardly of any evidentiary value on the point, as apart from anything else, the relative entries therein were admittedly made on the appellant's own statement. They cannot, therefore, assist the appellant.

As to Exhibit E(1) it is to be observed at the outset that it was filed very late. The hearing before the Tribunal started on the 2nd September 1957. On that date, the present respondent No. 1 petitioner's witnesses were examined and, early next day, his (petitioner's) evidence was closed. Thereafter it appears the certificate, Exhibit E(1), was filed. Its acceptance was seriously objected to by the petitioner but the Tribunal allowed it to go into evidence in the interest of a fair trial. Several witnesses were examined by the appellant for proving this document but only one (his witness No. 8) could prove it and it was marked as Exhibit E(1) on his evidence. It is clear, however, from the evidence of Court witness No. 1, Probodh Chandra Bhattacharya, that the entry as to age in this certificate, Exhibit E(1), must be based on the Primary School records from which also the age on the Transfer Certificate (Exhibit 4) must have been entered. There would thus be a conflict and, in view of the oral evidence already discussed, the entry in the Transfer Certificate (Exhibit 4) should, in our opinion, be accepted in preference to that in the Inspector's Certificate, Exhibit E(1). There can be no question also that, if Exhibit E(1) be admissible on the question of the appellant's age, the Transfer Certificate (Exhibit 4)—and many of the petitioner's (respondent No. 1's) other exhibits too—would also be admissible on the point and that, so far as admissibility is concerned, they stand practically on the same footing. That would make the appellant's position definitely worse.

That the appellant's age was correctly stated in his Matriculation Certificate and, therefore, in the series of documents, Exhibits 1 to 10, is also proved by another circumstance, to which we shall presently refer. The appellant was admittedly aware of the entry of his age in all the above documents. That entry, however, according to him, was incorrect. He further says that, at one stage, he thought that the mistake should be corrected and he suggested that to P.W. No. 1, Umerali, and, on the latter's advice that the lower age would be to his (appellant's) benefit, he refrained from getting it corrected. Nothing on the point, however, was suggested to the said P.W. No. 1, and that makes it difficult for us to accept the appellant's explanation as to why the incorrect entry as to his age was allowed to continue and to accept also the appellant's story of inaccuracy.

The net position thus stands as follows:

The Matriculation Certificate, which was certainly admissible evidence on the question of the appellant's age, admittedly gives that age as 16 years 8 months on the 1st of March 1949, and that is very strongly supported by the categorical statement of the appellant's witness No. 2, Mohanta Roy, his elder step-brother, and the appellant's evidence to the contrary and in support of his case on the question of his age is unacceptable. This is, apart from the documents, filed by the petitioner to the admissibility whereof—or, at least, of some amongst them,—some objection may be taken Thus the appellant's age must be taken to be 16 years 8 months on the 1st of March 1949, and, on that basis, the appellant would be below 25 years even on the 14th March 1957, the date of declaration of the result of the

election. *A fortiori*, he would be so on the date (1st February 1957) of filing of nomination papers and the date (4th March 1957) of the election. In that view we affirm the finding of the learned Tribunal that the appellant was a disqualified candidate under Article 173(b) of the Constitution and his election cannot stand. The Tribunal, therefore, was fully justified in declaring the appellant's election void and in setting it aside and this appeal must fail.

We now take up the respondent No. 1's cross-objection. That is directed against the refusal of respondent No. 1's (petitioner's) prayer for declaring him duly elected upon the setting aside of the appellant's election. This claim is sought to be supported on the ground that the votes, cast in favour of the appellant, who has been found to be disqualified under Article 173(b) of the Constitution, are "thrown away" or invalid votes and should be left out of account in calculating the valid votes under section 101(a) of the Representation of the People Act, 1951, and as, of the valid votes, so calculated, the respondent No. 1 has admittedly secured the majority, he should be declared elected under the said section, namely, section 101(a) of the Representation of the People Act, 1951.

The above argument was very cleverly put by Mr. G. P. Kar, Counsel for respondent No. 1, on the apparent authority of a certain English decision and certain passages in Halsbury's *Laws of England*, 3rd Edition, to which we shall presently refer, but a closer examination betrayed its inherent weakness.

The doctrine of "thrown away" votes is based on the principle of a fair inference of wilful perverseness on the part of the electors, voting for the disqualified candidate. That inference, however, is permissible only under certain circumstances, namely, where the voters, "before the voting, have had or must be deemed to have had notice of the facts, creating the candidate's disqualification", or, in other words, actual or constructive notice of the same, which may arise from the notoriety of the particular fact or facts or otherwise. Votes, given without such notice, would be good votes. Neither the case cited by Mr. Kar, namely, Beresford-Hope *versus* Lady Sandhurst (1889) 23 Q. B. D.79 nor the passages, cited by him from Halsbury's *Laws of England*, namely, the first part of section 549, page 305, Vol. 14, 3rd Edition, would support any other conclusion.

Mr. Kar made his submissions under three heads:

He first contended that "status incapacity" or "status disqualification" as in the case of aliens, infants, etc., stands differently from other incapacities or disqualifications and should, by itself, be sufficient to lead to the inference of wilful perverseness on the part of the voters, voting for such disqualified candidate. He argued that, in such cases, the disqualification is "founded on a positive and definite fact, existing and established at the time of the poll so as to lead to the fair inference of wilful perverseness on the part of the voters, voting for the disqualified candidate" and, in support of his argument, he relied on the several passages, occurring in the earlier part of section 549 of Halsbury's *Laws of England*, 3rd Edition, Vol. 14, where reference is given to footnotes (l), (m) and (n), and also on the observations of Lord Coleridge, C.J., in Beresford-Hope *versus* Lady Sandhurst (1889) 23 Q.B.D. 79, at page 94, lines 1 to 10, of the Report. He submitted that, in such cases, no question of notice would arise and the "status disqualification" would, by itself, be sufficient to invalidate the votes, cast in favour of the disqualified candidate.

We are unable to accept Mr. Kar's argument and the authorities cited by him, do not, in our opinion, support his extreme contention. The law on the point may now be taken to be fairly well-settled. The question of

"thrown away" votes would not and cannot arise unless the votes were cast in favour of the disqualified candidate with notice or knowledge of the disqualification or of the facts creating the same. Such notice or knowledge may be actual or constructive and may arise from the notoriety of the fact on which the disqualification is based, or otherwise. But, where the votes are cast without notice or knowledge of the basic fact of the particular disqualification, they would be good votes and would not be thrown away. Possibly, notice of the law would not be necessary as every voter may be presumed to know the law, vide Gosling *versus* Veley (1847) 7 Q.B.406, at page 439 and Lady Sandhurst's case (1889), 23 Q.B.D.79 at page 85. See also Halsbury's *Laws of England*, 3rd Edition, Vol. 14, page 305, section 549, citing Fermanagh and South Tyrone Division Case (1955), cited in 105 L.Jo.594, although, at one time, a different view appears to have prevailed on the point, vide Reg *versus* Mayor of Tewkesbury (1868) L.R.3 Q.B.629. This latter case, however, is regarded as overruled by Lady Sandhurst's case, cited above (vide *Rogers on Elections*, Vol. II, page 83 and Vol. III, pages 86 and 87). The preponderent view also seems to be that it is not in respect of every disqualification that the question would arise of "thrown away" votes, even where the votes are cast with notice or knowledge of the disqualification or of the facts, creating it, but that it arises only where the disqualification is founded on some positive and definite fact, existing or established at the time of the poll and the passages, cited by Mr. Kar from Halsbury's *Laws of England*, have reference to that aspect of the matter. Those passages, however, state only part of the law on the point and it is an incomplete statement of the same without the subsequent passages which run as follows:

> "For the votes, given for a candidate, to be thrown away the voters must, before voting, either have had or be deemed to have had notice of the facts, creating the candidate's disqualification. It was not necessary to show that the elector was aware of the legal result that such a fact entailed disqualification. Votes given without such notice are good,"

and which are followed by the very significant passage to the effect that, "if, after deducting the votes, given after such notice, from the total number of votes, given for the disqualified candidate, he remains in a majority, the minority candidate cannot be seated and there must be a fresh election". This passage, last quoted above, unmistakably shows that the law is not as contended for by Mr. Kar but that it has been correctly set out by us above. In Rogers on Elections also, we find a similar statement of the law, so far as the requirement of notice or konwledge is concerned, where the learned author says that "votes may be lost or thrown away by voting for a candidate, who is disqualified, after notice of disqualification or with knowledge of the disqualification or of the fact, creating it", vide Vol. II (*Parliamentary Elections*), page 80 and Vol. III (*Municipal and other Elections*), page 84, and, in the course of discussion, all the relevant cases on the point including Lady Sandhurst's case, cited and relied on by Mr. Kar, are discussed and commented upon and explained by the learned author and he then sums up the "knowledge" part of the law as follows:

> "The result of the above decisions is that an elector, who votes for a disqualified candidate, with knowledge either of the disqualification or of the facts, creating the disqualification, throws away his vote; and such knowledge will be presumed where the disqualification, or the facts, creating the disqualification, are notorious".

We do not think that the law is different where there is notice in place of knowledge and the foregoing discussion will amply bear that out.

NOTIFICATION

No. 2034L.—3rd September, 1958.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

A

BILL

to amend the West Bengal Maternity Benefit (Tea Estates) Act, 1948.

WHEREAS it is expedient to amend the West Bengal Maternity Benefit (Tea Estates) Act, 1948, for the purpose and in the manner hereinafter appearing; West Ben. Act XXXIII of 1948

It is hereby enacted in the Ninth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the West Bengal Maternity Benefit (Tea Estates) Amendment Act, 1958.

Amendment of section 5 of West Ben. Act XXXIII of 1948. **2.** In section 5 of the West Bengal Maternity Benefit (Tea Estates) Act, 1948, for the words "five rupees and four annas" the words "seven rupees" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The rate of maternity benefit payable to the tea garden workers in West Bengal under the West Bengal Maternity Benefit (Tea Estates) Act, 1948 was fixed on the recommendation of a tripartite conference held in 1947 when the average daily wage of a tea garden worker was much lower. The wages of the tea garden workers have since been revised.

The Bill is intended to enhance the rate of maternity benefit payable to the tea garden workers commensurate with the increase in wages and is based on the agreement between the representatives of employers and employees.

In the matter of an industrial dispute between Messrs. Fort William Jute Mills, Sibpore, Howrah, and the Line Sardars of the Weaving Department represented by the Bengal Chatkal Mazdoor Union, Sibpore Branch, 12/13 Cowies Ghat Road, Sibpore, Howrah. [Case No. VIII-162 (88)/57.]

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Department of Labour, by order No. 2480-I.R./IR/7L-16/57, dated the 12th July 1957, referred,

under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Fort William Jute Mills, Sibpore, Howrah, and the Line Sardars of the Weaving Department represented by the Bengal Chatkal Mazdoor Union, Sibpore Branch, 12/13 Cowies Ghat Road, Sibpore, Howrah, relating to the matters mentioned in the following schedule to this Tribunal for adjudication.

Schedule

If the action of the Management in having discontinued payment of the so-called "wastage bonus" at a flat rate to Line Sardars is justified?

To what relief these workers are entitled as a result?

Notices were issued to both parties, who filed written statements setting forth their respective cases.

The pleadings of the parties will be discussed at the decision of the issue.

The appearances for the parties were as follows:

For the Union: Shri Ram Sen, Vice-President.

For the Company: Shri R. L. Moitra, Deputy Labour Adviser of the I.J.M.A., assisted by Shri D. P. Jhawer, Secretary of the Company.

The issue framed for the decision of this case was the same as that mentioned in the order of reference.

AWARD

Decisions

Issue No. 1: The Union states in its written statement that the Line Sardars of the Weaving Department of the Fort William Jute Mills Co. have been getting the benefit of extra wages at the flat rate of 3 annas and 4 annas, respectively, per loom per week for hessian and sacking looms as waste bonus for picking up the waste yarns from the looms in their charge. The Union states that the said benefit has always been treated as part of their wages and that the Company without any justification linked the said benefit to the quality of work of the Line Sardars, which resulted in loss of the earnings of the Sardars. It is stated that the discontinuance of the payment of the waste bonus to the Line Sardars at the flat rate by the Company was not justified and that the Company should be directed to restore the benefit of the receipt of the flat rate of waste bonus at 3 annas and 4 annas, respectively, for hessian and sacking looms per loom per week.

The Company, in its written statement, states that the contention of the Union that many Sardars were in receipt of the benefit for wastage at a flat rate and the same was treated as a part of their wages are misstatements of facts. The Company states that in order to economise the consumption of raw materials by minimising the wastage of yarn, an incentive scheme known as "Waste Bonus" was introduced in 1946. The rate of "waste bonus" was in inverse proportion to the quantity of wastage of yarn in a line under the charge of a Line Sardar. A copy of the Company's scheme of Waste Bonus, which was notified to the workers in 1946, has been enclosed with the Company's written statement and marked as Annexure A. It is claimed that the payment of waste bonus was never intended to be made at a flat rate, as contended by the Union. The Company linked waste bonus with the quantity of wastage of yarn. Following the change

of the Management from Messrs. Kettlewell Bullen & Co., Ltd., to Messrs. Bangur Brothers Ltd. in the year 1952, owing to an oversight on the part of the new Management, the waste bonus was calculated more leniently than what it should have been strictly according to the scheme notified by the Management. When the oversight was eventually detected following an increase in the volume of wastage, strict compliance of the scheme was enforced. It is also claimed by the Company that any payment made to the workers due to a generous calculation does not create any precedent and the workers cannot demand of a generous employer to be more generous. It is further stated that the wage rates of the Line Sardars in the jute mill industry have been governed since 1948 by two successive Omnibus Tribunal awards. This Company maintains their own scheme, which along with the scheme of waste bonus has always been more generous. It is claimed that the demand of the Sardars for the grant of waste bonus at a flat rate should be rejected and that they are not entitled to any relief in this case.

Evidence was adduced by both the parties. On the side of the Union, P. W. 1, Md. Salim, a Line Sardar of the Company, deposed and documents, Exhibits 1 and 2, were marked for the Union. For the Company, O.P.W. 1, Shri D. P. Jhawer, deposed and documents, Exhibits A and B, were marked for the Company.

P.W. 1, Md. Salim, states that he has been working as a Line Sardar for more than the last 25 years. He further states that the waste bonus for hessian looms was at 3 annas per loom and for sacking looms at 4 annas per loom per week. The Line Sardar has to collect the waste yarn from the looms in a bag and deposit them to the Babu in charge and for this work; the Sardar is paid this bonus. He also states that in 1946, for the first time it was ruled by the Company that the bonus was to be paid at a sliding scale, being in the inverse proportion to the quantity of waste. The Line Sardars immediately raised the present dispute. The witness also states that he was not aware of the notice about the introduction of the waste bonus, as shown in Annexure A to the Company's written statement. He also made the statement that supervision of the work of the weavers was not within the scope of his duties. I may observe here that the principal duty of the Line Sardar in a jute mill is to supervise the work of the weavers in his line. A Line in this mill consists of 28 looms.

O.P.W. 1, in his evidence, states that the waste bonus was introduced in 1946 by notice, Exhibit A, which is the same as Annexure A to the Company's written statement and the bonus was in the inverse proportion to the quantity of waste, as shown in the notice. The same waste bonus is being paid at the present time. The witness also states that the advantage of waste bonus is available only to the old Sardars who have been working since before the date of the award of the Third Omnibus Jute Tribunal and new Sardars are paid bonus according to the Tribunal's award and no waste bonus is paid to them. The witness states that when the hessian and sacking looms were mixed in the same Line under the same Sardars, the clerks made a mistake in the payment of the waste bonus and paid the maximum waste bonus to the Line Sardars and that this happened only in the case of a few Line Sardars. The witness states that in Mill No. 1, there are no mixed Lines and in Mill No. 2, out of 17 Lines, only 8 are mixed. The witness tendered the muster roll, Exhibit B, for September 1946, showing that the Line Sardar Nos. 9 and 20 were given less than the maximum rates of 3 annas or 4 annas per loom.

Exhibit A is a notice of Mr. Acton, the Manager of Fort William Jute Mill, dated the 31st August 1946, by which the waste bonus for the Weaving Line Sardars was introduced. This notice clearly shows that the waste bonus is in inverse proportion to the quantity of waste collected. Exhibit B is a muster roll for the Weaving Line Sardars for the week ending 7th September 1946. It was shown that weaver Nos. 9, 11 and 20 were paid much less than the other weavers by way of waste bonus. From this, it was sought to be shown that the maximum rates of 3 annas and 4 annas for hessian and sacking looms, respectively, were not paid to all in the month of September 1946. At the time of the argument of the learned spokesman for the Company, it was brought to my notice that payment on a sliding scale was also made on some occasions in the year 1949, although the book showing this was not marked as an exhibit in this case. Exhibit 1 is a letter of the Assistant Labour Commissioner, dated the 28th January 1957, to the Manager of the Company, stating that all the Sardars were given waste bonus at the flat rate of 3 annas and 4 annas, respectively, per loom per week for hessian and sacking and recommending that this scheme of payment should not be disturbed by making payments to them according to the quality of their work in respect of the waste yarns collected. Exhibit 2 is a copy of the letter, dated the 21st February 1957, from the Manager of the Company addressed to the Assistant Labour Commissioner, Howrah. This letter shows that the Manager states that the "waste bonus" is an incentive given to check the unnecessary wastage of yarns and if this "prize" is withdrawn, there would be no check for wastage, resulting in the loss of the Company's property. The Manager also states that "it will not be justified to continue any extra privilege which has been given so long to the workers by mistake and the continuance of this extra privilege is not justified."

On a careful consideration of the facts and circumstances of the case, it appears to me that the scheme of payment of waste bonus was introduced by the Manager, Mr. Acton, in August 1946 with a view to check the waste of yarns at the weaving looms and the waste bonus was conceived to be paid on a sliding scale in the inverse proportion to the quantity of waste collected by the Sardars. The evidence on record shows that payment on the sliding scale on the scheme of Mr. Acton, as shown in Exhibit A, was made in September 1946, as shown in Exhibit B. The learned spokesman for the Company also mentioned before me the case of payment on the same sliding scale in 1949 as shown in a muster roll of that year, although that book was not marked as an exhibit, as it was produced at the time of the arguments. Accepting that payment at the sliding scale was also made in 1949, there is no evidence that any payment on such sliding scale of waste bonus was made in the subsequent years till it was revived in 1956, when the present dispute arose between the Company and the Weaving Line Sardars. The change of Management took place in 1952. Even at the time of the Management of Messrs. Kettlewell Bullen & Co., Ltd., payments appear to have been made at the flat rate of 3 annas for hessian looms and 4 annas for sacking looms from 1950 to 1952. During the time of the present Management also the same flat rate of payment was made till the dispute arose in 1956. It may be mentioned that this waste bonus is payable only to the Weaving Line Sardars who were in service and were in receipt of this bonus at a date prior to the date of the award of the Third Jute Textile Tribunal. The evidence of O.P.W. 1 shows that the Weaving Line Sardars appointed after the date of the Third Omnibus Jute Award are being paid at the standard rate mentioned in that award. For those Line Sardars who used to get waste bonus, this bonus is payable according to the Company's case, as they do not desire to withdraw an existing

advantage. The evidence on record clearly shows that the waste bonus was paid to the Weaving Line Sardars from 1950 to 1956 at the flat rate of 3 annas per loom per week for hessian and 4 annas per loom per week for sacking looms. The Company's case is that this payment was made by mistake. Even if this flat rate of payment was made by mistake, this has become a condition of service for the Weaving Line Sardars who used to get this payment for such a long period and it is not permissible to withdraw this advantage in 1956.

The learned spokesman for the Company referred to the decision of the Hon'ble Labour Appellate Tribunal in the case of Monogram Mills Co., Ltd., reported in 1953(I) L.L.J., 59, pointing out that where prizes were given to Line jobbers for efficient production, the stoppage of these rewards was not an illegal change. The *ratio decidendi* of the decision is that a reward for labour in order to become a subject of illegal change must be based on some ascertainable basis of computation, which was not the case there. This decision is not applicable to the present case, as the waste bonus is payable on an ascertainable basis. The decision referred to by the learned spokesman for the Company is not, therefore, of any assistance in this case.

Considering the facts and circumstances of the case, it is awarded that the action of the Management in having discontinued payment of the so-called waste bonus at the flat rate of 3 annas per hessian loom per week and at the rate of 4 annas per sacking loom per week to Line Sardars is not justified and that the Line Sardars should continue to get this bonus at these flat rates. That being so, the Weaving Line Sardars concerned should continue to receive the "waste bonus" at the flat rate of 3 annas per hessian loom per week and at the rate of 4 annas per sacking loom per week. They shall also get arrears dues, if any, on this account for the period since the date of the present reference.

NOTIFICATION

No. 2209L.—16th September, 1958.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE BENGAL PUBLIC PARKS (AMENDMENT) BILL, 1958.

A

BILL

to amend the Bengal Public Parks Act, 1904.

WHEREAS it is expedient to amend the Bengal Public Parks Act, 1904, for the purpose and in the manner hereinafter appearing; Ben. Act II of 1904.

It is hereby enacted in the Ninth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Bengal Public Parks (Amendment) Act, 1958.

Amendment of the Schedule to Ben. Act II of 1904. **2.** In the Schedule to the Bengal Public Parks Act, 1904 for the words "The Royal Botanic Garden, Sibpur" the words "The Indian Botanic Garden, Sibpur" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Under the changed circumstances with the commencement of the Constitution of India with effect from the 26th January, 1950, it was considered desirable that the name of the Royal Botanic Garden, Sibpur, should be suitably changed in conformity with the history and tradition of this India's largest and the most ancient Garden with international reputation. Accordingly at the suggestion of the Government of India, the Garden was renamed as the Indian Botanic Garden.

As the name of the Royal Botanic Garden has been mentioned in the Schedule to the Bengal Public Parks Act, 1904 (Ben. Act II of 1904), it is not possible to give effect to this change in the name of the Garden without amending the Act. The present Bill envisages the renaming of the Garden as the Indian Botanic Garden in place of the Royal Botanic Garden.

(2) Shri B. Basu—For the sole Respondent Biren Roy till May 10, 1958;

And

(1) Shri B. Basu—For the Respondents Brajagopal Das and Deoprasad Roy, substituted in place of the sole Respondent Biren Roy under section 116 of the Representation of the People Act, 1951,

(2) Shri H. K. Chatterjee—For the Respondent Nirmal Chandra Das, similarly substituted;

(3) Shri B. Sen—For the Respondents Sudhabindu Bandyopadhyay and three others, similarly substituted;

and having stood for consideration to this day, the Tribunal delivered the following judgment : -

This is a case seeking avoidance of a Parliamentary election for disqualification of the returned candidate, Shri Biren Roy, hereinafter referred to as "Shri Roy."

2. Indeed, the fortunes of the instant "purely statutory proceeding" hang on the determination of the sole question as to whether or not Shri Roy had by any person in trust for him or for his benefit or on his account any share or interest on the date of his election, namely, March 20, 1957, in a contract by the Indo-German Trade Centre for the supply to the Central Government of goods, to wit, automatic vote-recording equipment for the Rajya Sabha and the Lok Sabha. This contract can be put another way in the words of the statute: A contract for the execution of a work undertaken by the Central Government, to wit, installation of the automatic vote-recording device for the said two Houses of Parliament. If the whole of the materials I have had put before me points to an affirmative answer to the sole question for decision, section 7(d) of the Representation of the People Act, 1951 (hereinafter referred to, for brevity's sake, as "the Act"), read with Article 102(1)(e) of the Constitution, comes between Shri Roy and his success at the polls by a majority of 12,538 votes over his nearest rival, Shri Ashim Krishna Dutt. He is then "disqualified for being chosen as, and for being, a member of either House of Parliament," here the Lok Sabha. If, however, the whole of the materials point to an answer just the other way about, namely, that Shri Roy has no share or interest in the contract in terms of section 7(d) of the Act, let nothing him dismay. He is then not caught by the provisions just noticed, specifying disqualifications for membership of Parliament.

3. This is "the only point" the learned Senior Standing Counsel, arguing the case for the Petitioners, invites me to decide, submitting at the same time that "all other points are given up." This point forms part of the third issue which runs—

> **"Issue No. 3:** Is the answering Respondent Biren Roy disqualified for being chosen as a member of the Lok Sabha because of his connection with a firm under the name and style of Indo-German Trade Centre and also because of a lease with the Central Government for premises No. 3, Sauren Roy Road, Behala, entered into by one B. K. Mukherjee as the *Benamdar* of the said answering Respondent Biren Roy?"

4. The second part of the third issue just read eliminates itself. No evidence has been led of the lease with the Central Government of No. 3, Sauren Roy Road. And this point has been "given up" too not only at and during the trial but also in course of arguments. So, denuded of this, the third issue reads—

> **"Issue No. 3:** Is the answering Respondent Biren Roy disqualified for being chosen as a member of the Lok Sabha because of his connection with a firm under the name and style of Indo-German Trade Centre?"

5. Even so, this truncated Issue No. 3 needs adjusting a little more. Shri Roy is no longer an answering Respondent. On May 24, 1958, he files a petition informing this Tribunal that he does not intend to oppose

the instant election petition (vide Order No. 57). On May 28 following the said petition is heard (vide Order No. 60). And on June 2, 1958 it is ordered that the provisions of section 116 of the Act be set in motion (vide Order No. 61). So, the expression "answering Respondent," as it occurs in the issue, does not fit in with the development which took place much after the issue had been framed. Let it be deemed as not being there. I shall revert to this truncated and adjusted Issue No. 1 after I have set out the facts and noticed the vicissitudes through which this election case has passed.

6. The present election petition under section 81 of the Act is at the instance of two electors: Shri Kalipada Banerjee and Shri Anil Kumar Sadhukhan. It calls in question the election of Shri Roy to the House of the People from the Calcutta South-West Parliamentary Constituency. Both the petitioners, Banerjee and Sadhukhan, are persons who were entitled to vote at the last General Elections from the constituency just named, as will be evident from the certified copies of the relative electoral rolls, Exhibits 31/1 and 31. And to this election the instant election petition relates. Presented to the Election Commission on May 3, 1957, by Shri Asoke Krishna Dutt, "duly authorised by the Petitioners" to do so, it was published in the *Official Gazette*, which means the *Gazette of India*, under section 2(3)(c) of the Act. A copy thereof was served on each of the then three respondents—(1) Shri Biren Roy, (2) Shri Ashim Krishna Dutt and (3) Shri Rajani Mukherjee. All this done, it was referred to this Tribunal early in July 1957, for trial under section 86 of the Act.

7. The averment in paragraph 6 of the election petition calls attention. Shri Roy secured 94,944 votes, Shri Ashim Krishna Dutt 82,406 —so many as 12,538 less—and Shri Rajani Mukherjee 11,297. The statement of fact is "substantially correct," according to paragraph 9 of Shri Roy's written statement. But the petitioners Banerjee and Sadhukhan do not pray the seat for Shri Dutt or Shri Mukherjee. They claim only two substantial reliefs. First: Declare the election of Shri Roy void. Second: If necessary, declare the said election to be wholly void. The prayers contained in paragraph 11 and the averment in paragraph 10 of the election petition are to that end. But such prayers and averments betray more attention to the old section 84 of the Act than to the new one by which the old one has been substituted (vide section 4 of the Central Act 27 of 1956). In section 84, as it now stands, the expression "wholly void" is not simply there. It permits a petitioner to claim two reliefs only—(1) a declaration that the election of all or any of the returned candidates is void and (2) a further declaration praying the seat for himself or any other candidate. This brings in the question of parties to the petition, which section 82 provides for. Under clause (a) thereof, the returned candidate, Shri Roy, is the only party to be impleaded because the petitioners do not pray the seat for any candidate. All they pray is that the election of Shri Roy be declared

void. In that view, at the earlier stages the names of the two other respondents, Shri Dutt and Shri Mukherjee, were struck off, leaving Shri Roy, the sole respondent (vide Order No. 11, dated July 25, 1957).

8. In having done what the petitioners did by joining all the contesting candidates, there was, however, no question of non-compliance with the provisions of section 82. The said provisions were complied with. On the basis of the declaration claimed that the election of the returned candidate Shri Roy is void, the petitioners shall join him alone as Respondent. So they did. Thus, the compliance is there. And they did something more. They joined all the contesting candidates—a fact not to be equated with non-compliance of section 82. That was, indeed, unnecessary. And what was unnecessary was eliminated. In fine, the election petition has nothing in it short of the requirements of section 82 of the Act. It had something in it in excess of the requirements. And that excess has been excised. Not that this has been the subject of any argument at the Bar. None at all from either side, though there is an issue to that end: Issue No. 2. But that I owe it to myself to record why I have not called in aid sub-section (3) of section 90 of the Act.

9. It is hardly necessary, in view of the developments noticed in paragraph 3 *supra*, to set out all the allegations traversed in the election petition. And many of these allegations are models of what the allegations in a solemn election petition should not be. Fantastic in particular is the allegation attributing to Shri Roy and his men a statement before the Mohammedan electors that, should the Communist and other Leftist candidates including Shri Roy come into power, one Mohammad Ismail, who was contesting the West Bengal Chief Minister, would be the Chief Minister of West Bengal and the State of West Bengal would become part of Pakistan. No less fantastic is the allegation similarly attributing to Shri Roy and his men a statement that a vote for Shri Ashim Krishna Dutt and the Congress candidates would mean that the Pakistanis would be driven out from Kashmir [vide paragraph 8A(iii)(a) of the election petition]. It is difficult even for credulity to swallow such allegations. Be that as it may, suffice it to notice in brief only the allegation touching the disqualification of Shri Roy.

10. The relevant paragraph of the election petition is paragraph 8B with its sub-paragraphs (a), (b), (c) and (e). The substance of the allegation contained herein is that in or about 1950 Shri Roy started a business under the name and style Indo-German Trade and Economic Information Centre "as the sole proprietor and or partner thereof." I digress here for a moment and observe that the uncouthness apart of the expression "and/or," which Lord Simon, L. C., stigmatized as a "bastard conjunction," it shows that the Petitioners do not know their own mind. Be that as it may, to resume the narrative, some time thereafter Indo-German Trade Centre replaced Indo-German Trade and Economic Information Centre, Shri Roy acting all along as the director. "In any event, at all material times" Shri Roy "had an interest or share in" this

business. In 1957 the Central Government entered into a contract with the Indo-German Trade Centre for installation of automatic vote-recording equipment in both the Houses of Parliament, the Lok Sabha and the Rajya Sabha. Hence the disqualification.

11. Shri Roy answers the allegations in paragraphs 18-22 of his written statement. He denies that he has or had ever any share or interest in the business. An information centre, he avers, opened by a group of persons for information touching India and Germany, pressed him into service as an advising director because of his previous experience in Germany. Even so, he states, "the term 'director' was a misnomer." "Neither a company nor a profiteering concern," he states, it came to an end in or about 1953. About Indo-German Trade Centre, the plea is that that is the business of his brother-in-law, B. K. Mukherjee, of the famous Dewan family of Rajasthan, who is the absolute owner and proprietor thereof, Shri Roy having had never any manner of connection therewith. Shri Mukherjee, the averment continues, "submitted tender of contract for automatic vote-recording" in both the Houses of Parliament in 1955-56, and, having got the contract, executed the same. The allegation that Shri Roy got the contract in 1957, the averment concludes, "is totally untrue, false and without any foundation."

12. The part of the third issue with which I am now concerned arose because of this material proposition of fact about Shri Roy and the Indo-German Trade Centre, affirmed by the Petitioners and denied by the Respondent, as Shri Roy then was. On this issue and seven others, the parties went to trial which opened on April 25, 1958, with the apprehension of coming to ship-wreck any day for absence of Parliamentary papers called for by this Tribunal from the Lok Sabha and the Rajya Sabha by Order No. 30, dated April 9, 1958. It could not have been taken up earlier because I was on leave almost during the whole of the month of March 1958, and the original record was in the High Court from August 30, 1957, to February 23 (or thereabout), 1958, in connection with the hearing of Civil Rule No. 2294 of 1957, since reported in 62 Calcutta Weekly Notes 240. Fortunately, both the Houses, on the report of their Committees of Privileges (the Rajya Sabha report is in File C of the record), deputed competent officers to this Tribunal with the necessary papers and a break was averted. But on May 10, 1958, the seventh day of the trial, the learned Government Pleader and the learned Advocate Shri Basu appearing for the then sole Respondent Shri Roy, retired from the case on my refusal to grant any postponement of the part-heard proceedings on the ground that the Election Commission had been moved for withdrawal of this case from this Tribunal under section 89 of the Act. Most sorrowfully and reluctantly I proceeded with the trial from then on an *ex parte* footing. Ultimately the application of Shri Roy under section 89 of the Act failed before the Election Commission on May 22, 1958. And the Rule issued by his Lordship D. N. Sinha, J., permitting me to continue the hearing *ex parte*, but restraining me from delivering judgment, became infructuous and was discharged on May 27, 1958. His

lordship's order in Civil Rule No. 1430 and the Election Commission's order are in File A of the record. But on May 24, 1958, Shri Roy had invoked section 116 of the Act, and successfully too, as noticed in paragraph 5 *supra*.
